

# THE NUGGET.

DAHLONEGA, GA., NOV. 7, '98.  
Entered at the Dahlonega, Ga. P. O.  
as Second Class Matter.

The forest fires are doing great damage in Colorado.

It didn't take Col. Bryan long to get enough of camp life.

The railroad from Ball Ground to Marble Hill will soon be completed.

The First Georgia boys were paid off at Macon on the 1st and are now off on furloughs.

The recent storm on the Atlantic coast has been severe. The damage in Savannah was lighter than usual.

Bertha Ballstem killed her mother last Sunday at Pittsburg, Pa., and then put four bullets in her own head.

Atlanta was in the edge of a cyclone last Sunday night. The wind reached a high velocity and injured property all over the city.

The late members of the Towns county grand jurors said by their actions that they wanted Col. W. A. Charters Solicitor General.

Governor Atkinson has appointed Judge E. J. Reagan, of McDonough to the judgeship of the Flint circuit to succeed Judge M. W. Beck, resigned.

Atlanta has been named as a camp site for United States volunteers for them to remain during the winter. Nine other places have been named.

The Atlanta Journal is receiving contributions for the Winnie Davis monument. Men who wore the blue are making liberal contributions.

Big forest fires in Wisconsin take many lives. Many families are homeless. Citizens race for their lives from the approaching flames but are overtaken and lost.

White people kick when you talk to them about sitting on the jury with negroes but when it comes to drinking liquor some of them are willing to gather honey from the same bottle.

Rev. A. C. Webb, a Baptist preacher, James Vinson and Jeff Higgins were murdered on the 1st by parties in ambush near Liberty, Dekalb county, Tenn. The men were attending an auction sale on the farm and were swept down by a cross fire from a cave on one side and a farm on the other.

From a bushel of corn the distillery gets four gallons of whiskey, which retails at \$16.40; the United States government gets \$4.40; the farmer gets 50c; the railroad company gets \$1.00; the manufacturer gets \$4.00; the retailer gets \$6.50; the consumer gets drunk; the wife gets hungry; the children get rags, ignorance and disgrace.—Exchange.

In the recent court at Lawrenceville, Gwinnett county, seven true bills were found by the grand jury against persons using whiskey in the late primary. Lumpkin county should follow the example. Prosecute every man who used liquor in the last election. The trouble is some of the jurors who have been summoned to sit on the next jury have used it who will fight it when it comes up in the jury room.

It is a foolish girl who marries a man to reform him. Sweethearts reform very few men, and wives reform still fewer. The girl who expects to change the nature of a pig by marrying one will get some very sad lessons in hogology if she persists in carrying out her principles. The drunkard who is all smiles and consideration as a sweetheart, and who invests a large per cent. of his salary in claret, etc., will get brutally and hopelessly drunk as a husband, and lie out all night at the back door of a down town saloon. The best sort of a man for a girl to marry is a man who has never needed to be reformed at all, but has always been up right in his life.—Ex.

## The Election.

The election in Lumpkin county is a thing of the past. Some are proud and some are sorry over the result. Those elected are: For representative, F. M. Williams, Clerk, G. C. Wallace, Sheriff, J. M. Davis, Treasurer, Wm. Marr, Tax receiver, C. W. Stargel. Collector, J. M. Sargent, Surveyor, A. W. Cain, Coroner, J. W. Satterfield, A. D. Candler, receiver of for Governor and J. R. Hogan 170. For the Senate J. W. H. Underwood, democrat got 584 votes and W. H. Courtney, populist, 358. Only 510 votes were cast in the Constitutional Amendment, 233 for and 287 against. Total number of votes cast 1097.

There is but little doubt about the election of Col. Underwood as news comes from that he has carried Dawson. N. D. Black was elected representative of Dawson.

## Change in Mail Route.

A change has been made in the mail route between this city and Dahlonega. It was not satisfactory to the government and upon information given by the postmaster here and his recommendation the authorities changed it. Three or four hundred is saved by the change.—Gainesville News.

Great heavens! It is the most ridiculous idea ever advanced by an editor. Rob our citizens of a mail route just because it cost little government the great sum of two or three hundred dollars annually. The government was not dissatisfied. The matter was reported by a man who is no friend to Dahlonega who did it for the sole purpose of injuring this community and an inspector was sent down who it is reported got so drunk during the investigation that he didn't know which end was up and of course answered all purposes as he made a report satisfactory to the one that caused his visit here. This is the whole thing in a nut shell. If the News man is so economical in his views and wants to cut down expenses then let him ask that the mails be brought to his city on horses instead of the cars? It would be cheaper for the government. Then if he is going in for economy he should raise an objection to Uncle Sam sending peace commissioners to Paris each of whom are allowed \$150.00 per day for expenses.

### Do You Want Consumption?

We are sure you do not. Nobody wants it. But it comes to many thousands every year. It comes to those who have had coughs and colds until the throat is raw, and the lining membranes of the lungs are inflamed. Stop your cough when it first appears, and you remove the great danger of future trouble.

### Ayer's Cherry Pectoral

stops coughs of all kinds. It does so because it is a soothing and healing remedy of great power. This makes it the greatest preventive to consumption.

Not Disfranchised.

Editor Townsend, of the Dahlonega Nugget, seems to have disfranchised himself from voting. He is certainly to be pitted in this years elections—Cherokee Advance.

Oh yes, Bro. Perry. We never have been in a condition but what we could have voted when wanting to. Our delinquent subscribers have always arranged our poll tax and we have always registered. But there are some of your star democrats here that can't vote. One or two of them tore off the tails of their shirts during the state primary and were nothing but the bosom two or three weeks afterwards on account of Col. Candler and other democrats and then failed to register and couldn't vote.

In Rome this week whole blocks of residents and business houses were flooded. Some places the people had to swim out for safety. Show cases were swept from the counters.

W. E. Hill, who was a candidate for tax collector down in Jackson county, was arrested the other day for running an illicit distillery and will be tried Monday.

## LUMPKIN SHERIFF'S SALES.

Georgia, Lumpkin County.

Will be sold before the court house door in Dahlonega, Lumpkin county, Ga., on the first Tuesday in November, 1898, within the legal hours of sale, to the highest bidder for cash, the following property, to-wit:

Lot of land No. (66) sixty-six in the 12th district of Lumpkin county, Georgia, containing forty acres more or less. Said property layed on as the property of James Elder, Sr., to satisfy an execution issued from the Justices Court of the 93rd District, G. M., said county, in favor of H. C. Wheeler against said James Elder, Sr. Said property pointed out by defendant in law. This October 5th, 1898.

J. M. BROOKSHER,  
Sheriff.

## NOTICE TO BRIDGE CONTRACTORS.

Sealed bids will be received by me, at my office in the court house in Dahlonega, Ga., until 12 o'clock m., on the 15th day of October, 1898, at which time and place said bids will be opened in the presence of all bidders who are present, for the furnishing of all material and building of a public bridge across Chestate River in Lumpkin county, said state, at the site known as Beaman's Bridge. Separate bids will be received, under separate seal, for both iron and wood structure. Said bridge whether built of wood or iron to be built on the pillars, or piers now standing, and to be one span ninety-six feet long, with track or passage 12 feet wide. If built of wood said bridge to be of heart pine and oak lumber and enclosed on side and covered. About one-half the necessary lumber (being saw and unseasoned) being now at said site and belonging to Lumpkin county, the contractor will be required to use same, paying said county the original cost, (including hauling) there for.

The right is reserved to accept a bid for either an iron or wood structure as may be determined by me after said bids are opened and examined.

Full plans and specifications of both an iron and wood structure can be seen in file in my office.

Payment to be made on the 20th day of December, 1898, or as soon thereafter as the work is completed and accepted by me.

Good sufficient bond will be required of the successful bidder in terms of law. The right to reject any and all bids reserved. This Sept. 26th, 1898.

# J. F. MOORE.

Mrs. Nannie Adams is up on a visit to relatives and friends.

Presiding Elder Cook preached at the Methodist church last Sunday.

The students are making preparations to revive their old college paper.

Now that the election is over it would be a good time to revise the church list.

Frank Parker, of White county, was married to Miss Annie Ray, of this county, a few days ago.

Rev. C. W. Stargel has been elected pastor of the Auraria M. E. Church.

The mail to Porter is still being carried daily for the benefit of the 12 or 14 boarders that are still up there.

The election is now over and the negro voter will lose the embrace of the white man for the next two years.

A little child of Jas. Healand, of Two Run, was kicked in the stomach Sunday and knocked breathless for awhile.

Joseph Lance has been awarded the contract of carrying the mail from this place to Yahola twice a week, Tuesday and Friday.

The work of repairing the old Bossor House was completed by Capt. Hall last week and it is now one of the nicest and most complete and substantial buildings in town.

The New Union Association, held at Oak Grove, closed its very interesting services last Sunday. The attendance was good all through the meeting and the best of order prevailed.

Mr. Heckman, a post office inspector is here looking into the complaints made about the mail changes recently. We hope that he will make a fair investigation and let us have our mails the old routes.

E. E. Crisson has the contract of making some needed repairs at the Lockhart Mine. The services of no better man could not have been secured, for he most certainly understands all about a mine, which is very important when fitting up a mill or mine.

Mr. Brown who has recently moved here from Atlanta, has been developing some of his property adjoining the Garnet. He has made rich discoveries that are certainly pleasing to the eye, causing one bid to have been given one bid but he doesn't care to sell just yet.

It is a mistake about Mr. Stancil being removed from the postmastership at Cleveland. An effort is being made for his removal but the best citizens of that community, including Judge Kimsey, has asked by petition that he be retained. Mr. Stancil was in Dahlonega one day last week.

The other day a fellow was asked if a certain candidate had treated on liquor in Chestatee district. "Yes," says he. Then finding out that several in the crowd were opposed it, tried to smooth it over by saying that he only treated on about a pint. What about a fellow treating a crowd up in Chestatee district on a pint of liquor?

James V. Harbison tendered his resignation both as a member of the town council and board of public schools and left for Atlanta to appear as a witness in the U. S. District Court. There he will be joined by James B. Witt, also of Dahlonega, who has been in the employ of the Hall Mide Co., and go to Rinaman, Arizona, to accept a position in the mercantile establishment of Gaddis & Perry of that place—Mr. Witt as book keeper and Mr. Harbison as clerk. Mr. Gaddis is a former Dahlonega boy and being acquainted with these gentlemen made them a good proposition and they accepted. Both the Jims have a host of warm friends in Dahlonega who, together with the Nugget, wish them success in any business that they may follow.

Moses Moore has gone down to Milner to accept a job there.

The dry lumber for the new school house will be purchased either in Atlanta or Gainesville.

A son of Ferdinand McDonald who enlisted while in Kansas, is here on a furlough visiting his parents and friends in this section.

There were three colored couples that separated last week. But they have joined hands again and will quite likely set out for a bridal tour as soon as the equinoctial zale ends.

Every man in Lumpkin county should take the Nugget. It will pay you. Think of the lady making \$10 last week by seeing the ad. of the lost watch. Had her husband not been a subscriber she would have known nothing about the reward.

Hughes Moore went down to Dawsonville last week during the horse swappers convention. A drunken fellow endeavored to carve him with a pocket knife, cutting a long slit in the left part of the coat when Hughes picked up a ground bison and knocked the fellow down and came back home.

One of our friends who happened to wake up early the other morning looked over and saw a light in the office which at first excited him thinking that fire had broke out in the building, but was soon convinced that it was only the light from a lamp. Often we are at the office before day hunting up news for our many readers while they are dreaming sweet dreams. This is why they are always glad to see the Nugget and appreciate our efforts in getting them up a readable paper.

Walter Jenkins, of Dahlonega, came near losing his life a few days ago at Ducktown, Tenn., while working in a well. There was bad air in the well and Walter was being drawn out while almost exhausted. When near the top he fainted and fell from the bucket, a distance of about forty feet on another man who was waiting for the return of the bucket. Falling on the man no doubt saved his life. He received several bruises in going down, however.

Last Sunday night the temperance union met again at the M. E. Church. There was a very good attendance and the program did very well as far as it went, giving the young people an opportunity to pass off the time in chatting during the exercises. But not one word was said about the candidates filling up the voters on liquor and nothing else that would bring the people to a sense of their duty now. All this reading and operative singing doesn't amount to a hill of beans unless some direct action is taken. There is no use for the preacher to get up and talk about temperance unless he handles his members when any of them get drunk. If the minister and other temperance church members would turn a fellow out of the church when he gets drunk and make him stay out unless he lives up to its rules they would not have such a hard time preaching him into heaven after he dies.

On last Friday Mrs. Anthony, her daughter and Annie Jones decided to go to a different locality—the old lady and her daughter to Jackson county and Annie to her old stamping ground about Gainesville. They were being moved by a farmer of Jackson called Martin. A short time after they passed through town the man and old woman returned in search of the Marshal stating that Will Rice had appeared as they were going down the Brick Yard Hill, jerked Annie from the wagon, tearing most of her rigging off of her. A warrant was issued, Will arrested and soon appeared in the room of justice before Mayor pro tem Harbison. Martin had jerked out his pistol during the excitement, causing him to move on and the only witness present was Annie who testified that she didn't want to depart and Will did what he did to keep her from going away against her wishes, and Rice was discharged.

The next thing will be a wedding in town.

D. T. Harris was up from the Big Joe Wednesday.

The election is over, the people have spoken, now let us be satisfied.

Marshal Bruce and his assistants deserves the praise of the town for the good order they kept on election day.

It is said that there was but little liquor used at Shoal Creek precinct Wednesday and that was handled by deacons of the church.

The "Sons of Rest hall" at the court house was crowded Wednesday night. The next morning near a dozen persons were lying about on the ground and benches catching the dew.

A fellow was in town the other day delivering blockade liquor in a paper sack. He would fill the bottle and put it in the sack, which made a very nice package.

A negro member of the church who prayed once for the "Lord to have mercy on God" at church, commenced to enquire for something to drink as soon as he reached town Wednesday.

You were all well pleased with the Atlanta Weekly now send us in a dollar and we will doubly please you by having it sent to you twice a week. It is wide awake and you cannot afford to be without it.

The Gainesville News, says that "some of the people of Dahlonega are displeased with the new mail route." If he would come up he would find it to be the biggest "some" that he ever came across. It is a poor citizen that would be against the interest of his town.

It will be seen by a notice elsewhere that an election is to be held in the town district on the stock law question in a few weeks. We have always been opposed to the stock law as it is against the interest of every poor man, but now if they can be "sugared up" and induced to support the measure it is all right with us. We can stand it.

Col. Price President of the Board of Trustees has been notified by the Adjutant General of U. S. A., that it is not probable that any active army officer will be detailed to any of the colleges as military instructors, and recommends the selection of a competent retired army officer. Col. Price is now in correspondence with various army officers in order to find the proper officer.

Some of the boys got right lively at Cane Creek law ground Wednesday and wanted to fight for a while, but reconsidered the matter and all passed off well. Blind John Hester was there and he made both his friends and foes stand off when he gathered up a stick in his left hand a rock in his right ready when the battle commenced.

Just after the polls closed at Jones' Creek Wednesday Robert Long and Henry Clark had a quarrel which resulted in Clark being shot in the breast and killed by Long. Then some one in the crowd knocked Bob in the head, fracturing his skull and he was expected to die. Too much liquor was said to be the cause, and the candidate that furnished it is responsible, although all the expenses of investigating it will cost the tax payers of the county five hundred or a thousand dollars. Long was still alive yesterday morning.

Notwithstanding the fact that many came for miles on the day of the election for a drink of liquor, they got it and all behaved well. It was the quietest general election ever held in Dahlonega, no yelling during the day and but very little at night. One reason there was not near the liquor used as common, and we hope the time will come when there will be less. Probably five or six gallons were treated out in the stables in rear of the Crawford house on the square, where members of the church, deacons both white and black drank from the same bottle.

An infant of Mr. and Mrs. G. Abercrombie, residing down at the Briar Prtch, died Tuesday night.

One knock down at Auraria district Wednesday. Gus Arrendale made the lick and John Armstrong Jr., did the falling.

The big election which has caused the country to be in an uproar for months, and so much time wasted is over and the people rejoice.

During the freshest this week a large lot of lumber was washed off belonging to Mr. Whorton at the Calhoun, that was being used in the construction of his large dam.

We have been tusseling with the jaundice near three weeks. All kinds of remedies have been suggested as speedy cures, such as biters, gun powder and liquor, dynamite, etc. We have taken all of them and are still sick.

A number of witnesses and defendants from this county summoned to appear in Atlanta yesterday waited until they voted before departing. Some of the defendants may not return soon, as they will be likely to visit Fulton county's new jail.

Mr. Walker will soon commence the construction of a new dam at the Crescent mine above Wimpy's mill. Carpenter Strickland has the mill site dug out and the lumber is being received for the building and work on the same will be commenced at once.

Every merchant in Dahlonega is a subscriber to the Nugget but one and he is too stingy to pay for a paper, but still is a weekly reader as he always borrows it. But take a man that you can bait his stomach with a nickel and catch his heart you may not be surprised at any thing he may do or say against its editor.

Talk about your jury box business. No doubt there are more men in the jury box now than ought to be. Take men who will use liquor in open violation of the law on election day and but very little can be expected of them as jurors. They violate the laws of their country and how can they be expected to deal out justice? They are after the \$1.50 per day. That's all.

The election managers at the town precinct were the following gentlemen: Esquire Worley, Notary Public Allen and J. W. Jenkins, with Capt. W. H. McAfee, A. W. Meaders and R. C. Meaders clerks. All are democrats except Mr. Jenkins but they are all honest men and you will not hear of any ballot box stuffing like used to be carried on in the 10th district.

Last Tuesday as James Davis and John Gay were crossing the Yahola in a buggy below Wimpy's mill while the stream was up the mule pulled the single tree loose from the buggy, Davis clinging to the animal, leaving John in the vehicle, who was washed down the creek some forty yards before he could get out. Doing no damage however, not even washing away the umbrella which John held in his hand. The rest of the things in the buggy were also landed safely when Duck Erwin got his shoulders to one of the wheels and hollowed push while the water was almost shoulder deep to him.

Some of those who attended the U. S. District Court in Atlanta first of the week brought back bad news for the blockaders who have suffered none scarcely yet but been put up in comfortable quarters and given the best of medical treatment when sick at the expense of the government. But Judge Newman remarked at the last term of his court that he was going to change the program. He said that heretofore they had been feeding them and getting no work but that they now had a good healthy prison in North Carolina where they could be furnished work. The first one he sent from this section who had been before him more than once for the same offense was Bill Hix, of White, who was sent up for fifteen months.

Wm. Worley, who enlisted in the army at Dahlonega some time ago, is now sick in the hospital at McPherson.

One member of the church had bad luck Sunday night. He rode nearly all night hunting liquor for the election and got none.

There were 25 candidates wanting office in this county last Wednesday but of course there were not enough offices to give them all one.

Those having the means should build several neat cottages to rent. The investment would most certainly pay them. Houses in Dahlonega are in demand now.

Hix's bad spell of wet and windy weather came on the 2nd and remained with us for a couple of days. All out door work was suspended and nothing was done except the discussion of politics.

The average voter who has been having such a good time during the past few months, drinking free liquor in both large and small quantities, now sings, "All these good times are past and gone."

W. P. Price, Jr., went down to Gainesville Wednesday night after the election for the purpose of giving that ever wide awake journal, the Atlanta Constitution, the election returns of this county so that they could appear in Thursday mornings paper.

We have got to thinking that every four years is often enough to hold elections for members of the legislature and all county offices. Why is it that it would not be just as satisfactory as the ordinary's office? It only changes hands that often. Then enough disgusting things would occur on election days to cause the good people to blush for years.

I. C. Edwards, of Atlanta, has rented the Gaddis House and will occupy it until he completes the school house, and it may be that he will become a permanent citizen of Dahlonega. We extend to Mr. Edwards and family a most hearty welcome. His brother, J. A. Edwards, of Canton, and a Mr. Hunter, of Atlanta, will assist him in his work which will probably be commenced next Monday.

The mail from Gainesville failed to reach us Tuesday afternoon on account of the swollen streams on the much talked of new route from Murrayville to New Bridge. It is an outrage to have the mail carried by these dangerous fords when there are good bridges much nearer, that can be crossed at all seasons enabling our mail matter to be delivered on time. The mail that was sent from Dahlonega on Tuesday morning was brought back that night at 10 o'clock.

The following cases have been filed in the office of Clerk of the Superior Court: Birch Brothers vs. Frank Baily, H. M. Baily and C. W. Morrow—complaint. John P. Stegall and Robert B. Stegall vs. Mrs. C. Faulkner—complaint, petition for partition of realty. In Re Sarah C. Anderson—application to correct return of commissioners setting apart years support. C. H. The town council met last Tuesday and elected J. E. McGee and J. M. Brooksher to fill the vacancies caused by the resignation of two of its members H. D. Strickland and J. V. Harbison. This makes three merchants that are now on the council and we suppose if the Mayor and the other member of the body needs any goods that they can get them at "cut" prices. Of course as far as getting enough money to run the town need not cause any alarm. They are all business men and understand the financial condition of the country, more especially Dahlonega, and will use all the economy necessary to have a good town government.

An account of the concert at Mt. Zion church and other original matter will be found on the first page of this issue.

We are requested to state that the finance committee of Lumpkin county will meet next Monday for the purpose of looking into the affairs of the county. All members are requested to be present.

Prof. Ansted, one of the teachers in the college, has offered a gold medal to the student of the graduating class who makes the best record in the business department.

James Walker who enlisted in the army a few months ago from this county, has returned. The war was over before Jim got to Cuba but he is thoroughly satisfied with camp life and will not be so anxious to go next time, maybe.

Dr. Howard returned latter part of last week from a visit to relatives and friends in North Carolina. The main object of his visit was to attend the funeral services of his brother P. Howard, who died on the 18th of last July. The funeral was preached by Rev. Mr. Abernathy, of Murphy. Hundreds of people were present for miles around at the little church house in the country where the services were conducted.

Citizens of Lumpkin, trade with your home merchants and keep all the money in the county. We need it. Instead of losing the time in going off to Gainesville or other places for goods tell your home merchants that you have ten or fifteen dollars in cash and want goods low down. They will treat you right. Don't trade with them on time and go some where else when you have the money. Help those that help you, then we will have better times.

Before Dr. Howard departed for North Carolina he addressed a letter to Rev. J. N. Austin, at Half Way about seven miles from Dahlonega, asking that he fill an appointment at Soule's Chapel. The Doctor went on to North Carolina and returned. Ten days afterwards he saw preacher Austin and the Doctors letter hadn't reached him and there is no telling when it will. This is the kind of mail facilities we are receiving now since the drunken inspector caused the abolishment of the tri-weekly.

Last Monday Floyd Brooksher and Bob Porter had a difficulty in which Brooksher chewed up Bobs nose disfiguring it considerably until Dr. Jones put on some patches. It is a pretty heavy penalty for a man or boy to be disfigured in this way but as it has made such an improvement in Bobs snoring it is not likely that he will be prosecuted. When snoring now the noise resembles that of a police whistle and keeps all thieves away from his fathers house or wherever he stays at night. Candidates liquor caused the trouble. During the row merchant McGee went up to separate them with a hatchet in his hand and Floyd thinking the peace maker was a friend to the other fellow, let go a weight and struck the merchant in the side. An explanation soon convinced Floyd that no harm was meant but this didn't keep Mr. McGees side from hurting.

The sweet potato and pumpkin crop is good. Every time we see a large yield of this production of the farm we are reminded of an incident that occurred while we were present at Amicalola camp meeting many years ago. There was a considerable stir, as is generally the case at camp meetings, and a female while pretending to be brim full of religion, commenced to make a noise called shouting. During the many things she had to say was that she "was so glad that the meeting came off in the fall of the year so that they could have slice potato pies and pumpkin custards to feed the poor sinners on," at the same time holding our friend "Boy" Thomas in the back with both fists until you could hear him grunt a quarter. "Boy" was then a single man and would have remained there with that pretty woman pounding him in the back until to-day had she not have become exhaused.

"One day a young man called to see me for relief," said a clergyman in a sermon recently. "He asked me for some clothes. He said to me, 'Do you know such and such a woman?' I said to him, 'Yes; a most excellent woman.' 'Well,' he said, 'I am her son. I have not seen her for fourteen years; I can not find her address, she must have moved lately. I want to see her once again.' While I sent him down stairs to the room where we gathered clothes for the poor I sent a fellow porter to the house of this woman to see if she would see her son. One of her daughters fainted at his name, another, stronger than her sister, saw her mother waver in her determination not to have this cause of her misery return, and said: 'Mother, if he comes home, I leave. For fourteen years we have been at peace. I shall not live in the same house with him. After attending to his needs I told the son that his mother would not see him and sent him adrift, and he is wandering as thousands of others wander to-night, a miserable outcast, the cause of innumerable heartbreaks to those who love them. There is no greater enemy of the family than intemperance."

The Dreaded Con-  
sumption Can Be  
Cured.

T. A. Slocum, the Great Chemist and Scientist, Will Send to Sufferers, Three Free Bottles of His Newly Discovered Remedies to Cure Consumption and All Lung Troubles.

Nothing could be fairer, more philanthropic or carry more joy to the afflicted, than the generous offer of the honored and distinguished chemist, T. A. Slocum, M. C., of New York City.

He has discovered a reliable and absolute cure for consumption, and all bronchial, throat, lung and chest disease, catarrhal affections, general decline and weakness, loss of flesh and all conditions of wasting away; and to make its great merits known, will send three free bottles of his newly discovered remedies to any afflicted reader of the **NUGGER**.

Already his "new scientific system of medicine" has permanently cured thousands of apparently hopeless cases.

The Doctor considers it not only his professional, but his religious duty—a duty to which he owes to suffering humanity—to donate his infallible cure.

He has proved the "dreaded consumption" to be a curable disease beyond a doubt, in any climate, and has on file in his American and European laboratories thousands of "heartfelt testimonials of gratitude" from those benefited and cured, in all parts of the world.

Catarrhs, and pulmonary troubles, lead to consumption, and consumption, interrupted, means speedy and certain death. Draft delay until it is too late. Simply write T. A. Sloan, M. C., 93 Pine street, New York, giving explicit and postoffice address, and the free medicine will be promptly sent. Please tell the Doctor you saw his offer in the NUGGET, Jan. 25.

## THE NEW WAY.

WOMEN used to think "female diseases" could only be treated after "local" examinations by physicians. Dread of such treatment kept thousands of modest women silent about their suffering. The production of Wine of Cardui has now demonstrated that nine-tenths of all the cases of menstrual disorders do not require a physician's attention at all. The simple, pure

**Wine of Cardui**

taken in the privacy of a woman's own home insures quick relief and speedy cure. Women need not hesitate now. Wine of Cardui requires no humiliating examinations for its adoption. It cures any disease that comes under the head of "female troubles"—disordered menses, failings of the womb, "whites," change of color, and women beautiful by making them well. It keeps them young by keeping them healthy. \$1.00 at the drug store.

# THE NUGGET.

DAHLONEGA, GA., NOV. 14, '98.

Entered at the Postoffice at Dahlonega, Ga., P. O. No. 2 Second Class Matter.

Col. Candlers majority is about 66,000.

The tax collector of Hall county is an early bird. He commenced collecting taxes on the 17 inst.

Those that haven't already registered and desire to vote in the Congressional election next month had better do so.

Bibb county only polled 248 ballots in the last election. 3,500 votes were registered. This is a very poor showing.

A dispatch from Brunswick stated that during the last weeks flood one hundred and twenty-nine persons perished.

The populists had to give up Jackson county at last weeks election which causes much rejoicing among the democrats.

Geo. D. Saxon, a brother of Mrs. Wm. McKinley was murdered at Clinton, Ohio, on the 7th inst., by a divorced woman named Mrs. Annie C. George.

Three Major Generals and 26 Brigadiers have been honorably discharged. Hawkins and Kent, who led the American troops in fighting against the Spaniards, are included.

40,000 men have been ordered to Georgia. Atlanta only gets one brigade. Headquarters for first corps will be established at Macon, second at Augusta and fourth at Huntsville, Ala.

Col. J. W. H. Underwoods majority over Mr. Courtney for the Senate is 696. His majority in Dawson is 322, White 148 and in Lumpkin 226, making a majority of 696 in the three counties.

Only two negroes were killed in Jackson county about the election last week, and a man named Barnett, threw an ax at his son which struck him on the face and arm cutting a great gash in his face and almost severing his arm.

The fusion of two political parties in Georgia won't pan out a color. This fact was demonstrated at the last election. Whenever an effort was made for the populists and Republicans to pull together they failed and the populist lost.

The city of Atlanta tested the Australian ballot system during last weeks primary for Mayor and is well pleased with it. Now, let Georgia pass the law and stop this way of pulling and jerking a man about when he goes up to the polls.

Mr. Branch, a leading populist who has represented Columbia county in the legislature for several terms, has been defeated by Bynum by 73 votes and Mr. Branch will not likely see the interior of the capitol any more unless it is on a visit.

Young Pinion who killed a man named Stone in Dawsonville Wednesday night of last week made his escape. It seems that Stone had been cursing the boys father and the fifteen year old lad stepped up to the man, stuck his knife in the muscle of one of his arms and cut a gash all the way down the arm and then stabbed him in the left breast which did the desired work and he murderer left out. The boys father was afterwards arrested but we have not heard yet what the result was.

Three mistakes occurred in our editorial statement of the election last week. We having made two of them and the managers when consolidating made the other. J. W. Walker should have been given 9 votes in Auraria but the board made a mistake and gave him only 9, making a total of only 95 in the county when he received 127. In Yahoola we should have given Mann 54 instead of 4, and Jas. Abernethy 9 instead of 6. But the totals for the last two named gentlemen are correct—only the figures in this district are wrong.

## Particulars of the Murder in Lumpkin County.

In mentioning the murder of Henry Clark in Jones' Creek District last week by Robert Long, we did not give the particulars at that time for we were unable to get them. They are reported to be as follows: Some three years ago or maybe longer, Clark asked Long's girl if he could escort her home from church, which she refused to do. This request of Clark caused the girls father to grow angry on account of the mans mother being a colored woman, and a bad feeling has been existing between Long and Clark ever since. Besides this a house was destroyed on the Clark farm about a year ago and Long had understood that the owners accused him of burning it, which caused the anger between the Clarks and Longs to increase.

So when they met on election day and got steamed up on some candidates liquor it didn't take much time for a row to begin. After having one or two fuses Long started off saying that he was going to get his gun and kill them both. The election was over and every body started home. It was only a short while until Ben and Henry Clark saw Bob Long coming along the road, who, as soon as he got at the proper distance, discharged one barrel of his gun at Henry Clark, the load entering the body through the left vest pocket killing the man almost instantly. Long seeing Clark falling broke to run when Ben Clark knocked Long down and hit him the second time with a rock and it was thought had fractured his skull in such a manner that he would only live a few hours. But Long was not hurt as bad as believed. That night he disappeared and no one knows how he got away. Ben Clark has also left out. It is believed by some that Long's relatives and friends carried him off on a litter that night and have him hid across the Blue Ridge in the mountains if seriously hurt, and if not it is thought that he has gone to North Carolina. Citizens in Jones' Creek district have placed \$50 in Sheriff Brooksher's possession to offer as a reward for his arrest.

Col. Candler wants no "big-to-do" when the time comes for him to fill the gubernatorial chair. He will take the oath of office inside the capitol.

**IF YOU ARE OVER 35 YEARS OLD**

Why let your neighbors know?  
And why give them a chance to guess you are even five or ten years more?  
Better give them good reasons for guessing the other way. It is very easy; for nothing tells of age so quickly as gray hair.

**Ayer's Hair Vigor**

is a youth-renewer.  
It hides the age under a luxuriant growth of hair the color of youth.  
It never fails to restore color to gray hair. It will stop the hair from coming out also.  
It feeds the hair bulbs. Thin hair becomes thick hair, and short hair becomes long hair.  
It cleanses the scalp; removes all dandruff, and prevents its formation.  
We have a book on the Hair which you will gladly send you.  
If you do not obtain all the benefit you expect from the use of the Vigor, write the dealer about it. Probably there is some difficulty. We will be glad to send you a new bottle free of charge. Address, Dr. J. C. Ayer, Lowell, Mass.

## What Shall Be Done

FOR THE DELICATE GIRL

You have tried iron and other tonics. But she keeps pale and thin. Her sallow complexion worries you. Perhaps she has a little hacking cough also. Her head aches; and she cannot study. Give her

## Scott's Emulsion

The oil will feed her wasting body; the glycine will soothe her cough, and the hypophosphites will give new power and vigor to her nerves and brain.

Never say you "cannot take cod-liver oil" until you have tried Scott's Emulsion. You will be obliged to change your opinion at once. Children especially become very fond of it; and infants do not know when it is added to their food.

50c. and \$1.00; all druggists. SCOTT & BOWNE, Chemists, New York.

## A Card of Thanks.

Although, I am defeated for Clerk of the Superior Court I have not forgotten my friends who so faithfully stood by me in the race and I take this opportunity of extending to each and every one of them my sincere thanks for their highly appreciated support in my candidacy. I might have received more votes had I have used liquor in the campaign but I promised that I would make the race without it and did so, and go down in defeat with a clear conscience.

Respectfully,  
JOHN H. MOORE.

Every thing looks dull since the election. All the candidates have gone to work trying to make up lost time.

Private Sullivan, the Georgia soldier who murdered his tentmate near Knoxville some time ago, goes to the asylum instead of the gallows.

The candidates for mayor of Atlanta before the primary last week, were E. W. Martin, a lawyer and J. G. Woodward, a printer. The printer got there.

The finance committee has been engaged all this week in examining the books and papers of the various county officers. A good many errors are found on the tax receivers digest.

Yellow fever is still raging in Mississippi and affairs are in a desperate condition on account of desertions. It is said that those high in authority are responsible for much of the trouble.

Gen. Fitzhugh Lee has been ordered by the war department to move his command to Savannah from Jacksonville, Fla., and get it in readiness to embark for Havana by the last of this month.

Even a little rat can cause a man to do a great deal of hard work sometimes. The other afternoon Stephen Rice drew up one which had lost its life in going down in his well to quench its thirst. He went to work and continued until 6 o'clock that night before he got the 19 feet of water all out.

Next week is court and it can't help but be fresh in the minds of all the members of the grand jury, who are sworn to prosecute all violators of the law, that liquor was used on election day last week which they (the grand jury) know is a violation of law. More can be done in one day next week towards stopping this custom than all the preachers and temperance societies can do in ten years. Now, will you close your eyes and say by your silence that you are willing to continue the license for this evil? We will see.

Don't Neglect Your Liver.  
Liver troubles quickly result in serious complications, and the man who neglects his liver has little regard for his health. A bottle of Brown's Iron Bitters taken now and then will keep the liver in perfect order. If the disease has developed, Brown's Iron Bitters will cure it permanently. Strength and vitality will always follow its use. Brown's Iron Bitters is sold by all dealers.

The republicans of Pickens elected their entire ticket except tax receiver.

Candlers majority seems to be about 67,000. He will likely take his seat without any contest.

Our new county officers are all democrats for the first time since we can remember as well as our representative.

The yellow fever in Mississippi is beyond control and the suffering is so great and alarming that federal aid is asked for.

It will take an official count to see whether the judges and solicitors are hereafter elected by the people or not.

The Georgia legislature will stand as follows: Seven populists, one republican, one reformer and two hundred and ten democrats.

Gen. Parron, the Spanish commander at Manila, formally turned the city over to the Americans on the 10th inst.

Coffee county court house has been destroyed by fire together with the votes in Wednesday's election. Another election will have to be held.

Negro cavalrymen and white troops clashed at Huntsville, Ala., on the 10th. Colored regiment attempted to rescue a member from the guard during which one white soldier was killed and several others wounded.

Hon. Fletcher Johnson may be the choice of the Atlanta Constitution and the grand juries of one or two counties besides his own, but he is not the choice of the people of this circuit. Let the people of the circuit have their choice.

Information has been received from the Northwest indicating that no further trouble will be had with the Indians. Not more than twenty-five or thirty Indians engaged in the outbreak and Gen. Bacon thinks all trouble is at an end.

Administration notifies Spain that it will assume full control over Cuba on December 1st., while Spain manifests her willingness to continue the war and says she will not withdraw till peace treaty is signed. Spain is willing to give up the Philippines if America will help bear the debt. This America refuses.

We see from the Gainesville Cracker that H. H. Bush, who was charged with larceny, and found guilty at the July term of Hall Superior Court, has been set free by paying off the debt. It is very fortunate for Mr. Bush that it was a large amount. Had it been a small one he would have been sent off to the chain gang or penitentiary within three days from the time that he was convicted.

Twenty-three of the following gentlemen will compose the grand jury next week: H. J. Stancel, J. H. Jenkins, G. C. Wallace, T. M. Davis, T. J. Bowers, C. M. Mote, D. L. Cook, P. L. Keenan, C. H. Jones, J. P. Smith, J. B. Duckett, M. M. London, G. W. Cochran, J. W. Ravan, T. A. P. Tate, R. L. London, H. D. Ingersoll, W. T. Dowdy, Joseph McDougald, J. H. Bell, B. F. Anderson, Jr., J. K. P. Lance, J. A. Cochran, J. F. Sargent, N. H. Satterfield, J. B. Clements, C. D. Sullivan, E. W. Strickland, Joseph Jarrard.

We have received a letter from a gentleman requesting that we say something in his behalf for State Chemist. Being unacquainted with the gentleman we cannot comply with his request as books and reports are no guide to go by. Take for instance the State Geological department. One of the men in charge will visit us and he has to be shown where the gold or mines are before he can make a report. We look upon this as his business. Let him search for himself and if he finds any thing good either on a rich or poor mans property, report it and not wait to be shown around by some one who wishes to make a sale.

## LUMPKIN SHERIFF'S SALES.

Georgia, Lumpkin County.  
Will be sold before the court house door in Dahlonega, Lumpkin county, Ga., on the first Tuesday in November 1898, within the legal hours of sale, to the highest bidder for cash, the following property, to-wit:

Lot of land No. (66) sixty-six in the 12th district of Lumpkin county, Georgia, containing forty acres more or less. Said property layed on as the property of James Rider, Sr., to satisfy an execution issued from the Justices Court of the 93rd District, a. M., said county, in favor of H. C. Wheeler against said James Rider, Sr. Said property pointed out by defendant in this case. This October 8th, 1898.

J. M. BROOKSHER, Sheriff.

## NOTICE TO BRIDGE CONTRACTORS.

Scaled bids will be received by me, at my office in the court house in Dahlonega, Ga., until 12 o'clock on the 18th day of October, 1898, at which time and place said bids will be opened in the presence of all bidders who are present for the furnishing of all material and building of a public bridge across Chestatee River in Lumpkin county, said state, at the site known as Bearden's Bridge. Separate bids will be received, under separate seal, for both iron and wood structures. Said bridge whether built of wood or iron to be built on the pillars, or piers now standing, and to be one span ninety-six feet long, with track or passage 12 feet wide. If built of wood said bridge to be of heart pine and oak lumber and enclosed on side and covered. About one-half the necessary lumber (being new and unused) being now at said site and belonging to Lumpkin county, the contractor will be required to use same, paying said county the original cost, (including hauling) there for.

The right is reserved to accept a bid for either an iron or wood structure as may be determined by me after said bids are opened and examined.

Full plans and specifications of both an iron and wooden structure can be seen of file in my office.  
Payment to be made on the 20th day of December, 1898, or as soon thereafter as the work is completed and accepted by me.  
Good sufficient bond will be required of the successful bidder in terms of the law. The right to reject any and all bids reserved. This Sept. 26th, 1898.

W. H. C. TATE, Ordinary of Lumpkin County, Ga.

**J. F. MOORE.**

A fine lot of capes at J. F. Moores.

Work has commenced on the new school house.

If you are needing any clothing call on G. McGuire at the Hughes corner.

We understand that another commissary or store will soon be opened in Dahlonega.

The ordinary is having all the broken panes of glass replaced in the court house windows.

McGuire keeps meat flour and bacon. Also cheese, crackers, macaroni, canned goods, fresh fancy and stick candies.

It will be seen by a notice elsewhere that the tax collector will begin collecting on the 21st inst., starting at Dahlonega.

Bring along your butter, chickens and eggs. You can sell them here without having to lose two days in going to Gainesville.

The newly elected county officers are bustling around getting up their bondsmen so as to have them ready by the time the blanks come.

You will find G. McGuire, at the Goodman Hughes corner, opened out with a fine line of general merchandise. Go and see how cheap they are.

Persons owning lands should see that they the numbers appear correctly on the digest. Numbers of mistakes in wrong numbers have already been discovered.

The logs are being cut and prepared for the new dam at the Crescent and work will begin on it in earnest next week. Bill Armstrong, the expert dam builder, is on hand.

There is one man that is drawn to serve on the grand jury next week that will not be here. He is serving out a three months sentence in Fulton county jail for making blockade liquor.

J. E. Moore has just received a large stock of winter clothing. Also shoes for every body and so cheap that it will surprise the natives. Think of getting a pair of buttoned shoes for 90 cents.

Dr. C. H. Winburn, of Gainesville, requests us to state that he will be in Dahlonega during all next week prepared to do all kinds of dental work who will be glad to meet all of his friends and patrons.

Those needing jewelry work done should call on G. H. McGuire next to drug store. He does good honest work at reasonable prices. If you carry him a job that is not worth fixing he will tell you so. Shew workmen as this deserve the patronage of all our citizens and should be encouraged on every hand. Men like this are useful to a town.

It having been reported that only a few were kicking about the change in the mail route, a petition is being circulated to see if any one desires the new route. Thus far not a single man has been found that wants it. Every man has asked that the old route be restored. All the lawyers, doctors, merchants, county officers who are patrons of the office, miners and all ask that we be given a more direct mail route from Dahlonega to Gainesville. The faculty of the college and students ask it.

We were called on one day this week by a certain gentleman in the country to look at a letter which he couldn't understand. We read it and soon found that it was intended for his brother who had a wife, which contained many words of love written by one of his "lovers" who had only been gone from there but a short time. She was so anxious for the letter to reach her brother that she left off his given name in addressing him and the postmaster could do nothing more than to turn it over to the first male member of that family that came along.

Cheap shirts, slips, hosiery, suspenders, hats and caps at McGuire's.

Prof. Joseph C. Camp, gave a fine lecture at college chapel last Saturday night—a very fair audience.

The Dahlonega college paper will be published by the proprietor of the Georgia Cracker at Gainesville. It will be issued twice a month.

Joseph Townsend fell while getting on his horse at the Crescent nine Tuesday and sprained one of his wrists so badly as to prevent him from working several days.

Charlie Meaders has returned from the war. Charlie has had better health than the rest of the boys that went from Dahlonega and his friends are all glad to meet him.

While attending court next week if any one wishes to subscribe for a wide awake paper, one that gives the news just as it occurs, without favor or affection, call at the Nugget office.

Mr. Hughes Smith of Porter Springs, and Miss Alice, daughter of Mr. Eloyd Anderson, were wedded Thursday of last week. They have our best wishes for a long and prosperous life.

It is said that one of our country preachers got drunk last week and cursed like a sailor, and when he went to eat and was asked to say the blessing said "all sail in and help yourselves." If the people follow this so called divine they will likely get into a pew that will be pretty warm for them.

Why do you buy at time prices? The cash will get the goods much less, if you will buy from B. R. Meaders & Sons, any way pay day will come unless you are a rogue. A few items will show. Mens and boys caps 10 to 23 cents. Metal siffers 10 cents. All wool dress slacks 60 inches wide 34c. Nice silk for waists 34c. Jeans 13 and 20. 4 quart coffee pots 10c. 5 quart tin buckets 7c. Corsets to suit most all 21c up. Hamilton's remnant calico 4c. Nice sweet crackers 3c per quart. Cast steel hammers 39c. Bed ticking 10 1-2c.

The post office inspector who came here last week to investigate our mail route trouble, made the trip without the company of the assistant post master at Gainesville. He came the "water route" and went back by the bridges, the way the people want the mail to go. While here the inspector conversed with the people generally. He didn't take to Col. Farrow's route. Neither does any one else, for if this route is the nearest the people would all travel it in going to and from Gainesville. The Dahlonega teamsters that visit that city three times a week hauling goods all go by the bridges, the old mail route. And you know that if the Colonels route is the best one wagoners would certainly use it. The inspector said that something would have to be done. We infer from this that the old route will be restored and that we will get our mail without having to move our court house to Porter Springs.

If Col. Farrow knew nothing about the mail route going to be changed and only answered questions when asked by the department why did he write to postmaster Parks at Murrayville telling him if he would do certain things that he would get him a daily? Why didn't the department put some of these questions to the Dahlonega postmaster? And why did the Colonel request postmaster Parks to get him up a diagram of the two routes if he knew nothing about it. The map was made; the one who made it said the other day that by request or as directed, he gave the distances shorter by the Murrayville route than they really are, and the map was sent off. If this route is shorter why was the department asked to fix the schedule so that the mail could depart half an hour earlier from Dahlonega and arrive half an hour later than by the old schedule and by the old route.

Miss Llau Wheelchel, of Gainesville, is up on a visit to Dahlonega.

Cols. Lilly and Charters attended White Superior Court this week.

It looks like war times to see so many students drilling every afternoon.

It can now be said that there is one man elected to office in Lumpkin county without the use of liquor, who is Rev. C. W. Stargel, tax receiver.

Services were only held at the Baptist church last Sunday and many had to turn away on account of the crowded condition of the church.

We knew that it was John some body that had a row at Auraria on election day, and put it John Armstrong, when it should have been John Summerour, Jr.

If our citizens don't content for their rights they will get no mail unless they go to Porter Springs or Gainesville after it. A great deal of the mail going from Dahlonega to post offices in our county now has to go down via Gainesville before it reaches its destination.

On account of the resignation of Strickland and Harbison as members of the town council the body had to meet last week and reorganize since their places have been filled by J. M. Brookshire and J. E. McGee. The former will handle the pen and the latter will try cases when the Mayor is absent.

Court only lasted about two days at Cleveland this week. They surely didn't have much "fun" up there on election day in drinking candidates liquor. However the grand jury remained in session long enough to endorse Col. W. A. Charters for Solicitor General and Judge J. J. Kimsey for reelection.

A committee of ladies are going around soliciting subscriptions to be used for the construction of a Presbyterian church, amount not to be collectable until the work begins. They already have a few hundred dollars on hand and we hope that they will raise the required amount to do the work. There is nothing like having plenty of churches.

The presiding elder is sending out instructions to the Stewards of the church for them to go to collecting and be ready when he comes. If you have not got the money, he says that corn, fodder, eggs, chickens and dried fruit will be taken. Every thing except dried pumpkin. Preachers don't like that we suppose or it would not have been left out.

Col. Farrow, of Gainesville, spent last Monday night in Dahlonega while on his way to Porter Springs. The Colonel informed us that there would be no changes made in the mail route until carriers would deliver the mail on schedule time, and talked as if there would be no changes made in the Dahlonega and Gainesville route no way until after the present administration goes out of power. It seems to be a very poor administration that can't fine the mail carries until they do travel on time. This is a very poor excuse. And it's a very poor administration that will be controlled by the wishes of one man contrary to those of a whole town. When Col. Farrow took charge of the Gainesville post office he promised us that he would use every effort to improve our mail system. He did it and kept it up and every citizen here was pleased and things went well until the people of Dahlonega refused to help him build a telephone line to Porter Springs. Then he turned his back on us and has been working against us ever since. Col. Farrow says that he will address the high bed stocking crowd at Dahlonega one night next week, probably Tuesday night. We are at a loss to know who he means but will watch and see who goes and maybe will find out that way.

We understand that Ben Bracket has been appointed post master at Auraria.

Abundance of chestnuts in the mountains this year which will help the poor man to pay his taxes.

It is rumored that U. S. Deputy Marshal Grizzle will be our new sheriff's deputy. But we have no idea that it is true.

The equinoctial gale last week played havoc with the small boats on the Chatstee river. All were carried away and footmen can't get to town until new ones are built.

One defeated candidate for sheriff said that his race cost him over one hundred dollars. If he had not made his own liquor it would have cost him more. Others spent equally as much.

The owners of the Wahl property are having all their houses about the mines vacated so as to begin repairing them. New ones will also be built so they can accommodate their laborers having families. This is a move in the right direction. Very often hands have to walk from two to three miles to and from their work.

Capt. Hall, when repairing the old Riley Hotel didn't forget to trim up the old street lamp that has been in front of this house for about fifty years. Hundreds of people who have been guided by the light of this lamp have long since gone to their reward, while it yet stands looking as if perfectly new.

C. W. Stargel has been called to preach at the Auraria Baptist Church, and not Methodist as stated in last weeks paper. He is a Baptist but is not a man that believes that none but Baptists are saved. The election returns show that he has many friends down there and his sermons will be in the interest of all that wish to be saved.

We sometimes have people to fall out with us because it becomes our duty as editor of a paper to mention their names or some of their relatives in giving the news in court proceeding. They have just as much right to think hard of the Mayor, Marshal or Superior Court Judge as they have with us. We treat all alike and give the news as it occurs let it please or displease, because it is our duty to do so.

Wash Satterfield looked rather thin the other day when he returned from Atlanta on account of not being used to the city style of eating. At dining hour he would go into a restaurant and hand the manager a quarter who would tell him to pass to the next room where he could get his meal. Wash would go in as directed and sit down at the table and after waiting for a few minutes and seeing that they had nothing but toothpicks would grab up a handful and leave out thinking that they was all they give for a quarter.

We are informed that some person has bid off the daily mail from here to Gainesville for \$500. We suppose that the contractor expects to ride a donkey in the delivery of the mail matter. Years ago the mail carrier from here to Morganton had to carry a trumpet which he blew when approaching town. This man will not have to go to this expense. His animal can give the alarm on his arrival which will save the post master here from having to put out a sign of "mail not arrived."

There will be no stock law election in district for awhile yet. Last week the ordinary was furnished with the advertising fee and an old list that had been in his office for more than a year was picked up and a notice that "fifteen free holders" had asked that an election be held within twenty days was written and published, but when an attorney made an examination he found that some of the names were of persons who had signed this petition had moved away while others were dead. And as dead men know nothing about the stock law the matter will have to be postponed until more names who are alive can be secured.

John A. Howard and his lady are here on a visit.

A Mr. Davidson, of Demorest, has moved into the Harris house.

Green apples that will be worth \$1 per bushel Christmas are only 30 cents now.

The weather is turning some cooler and the wood hauler is beginning to wear a smile.

The Clerk of the Court informs us that there will likely be enough business to run the court all next week.

One of Joe Ferguson's mules died near Auraria last Saturday while he was returning from Gainesville with a load of goods.

Town Marshal Bruce was absent several days this week. He went to the mountains to gather chestnuts and improve his health. Geo. Jenkins earned the badge in his absence.

Some of the boys who visited Atlanta last week went down to Grants Park and saw many curiosities, among them was the Ike Anderson guinea-chicken, which was sent from this county some time last year. Col. W. P. Prices coon was also found among the animals.

Bill Scott informs us that the mysterious light that has been seen at his house for some time of nights, has disappeared. Since its last appearance Bill has been reading both the Bible and Nugget with more interest and we hope he will not be bothered with it any longer.

In our last issue we stated that Mr. Brown, of Atlanta had been developing his property which adjoined the Garnett Mine. We should have said the Betts, near Auraria. Mr. Brown has made some valuable discoveries on his property and it may be that it is as rich as the Betts.

Mr. Walker, of the Crescent, is getting things in good shape up at his mine. He has made a road to the works via the old Mahaw place and put a foot log across the creek. Now the hands can cross the stream even when it is at the highest mark and work can go on all the time. Preparations are being made to build houses at the mines for the hands to occupy.

The Superior court convenes next Monday morning for this county, and defendants had better come prepared for the occasion for both the solicitor and Clerk have been defeated and they will certainly want what cost they are entitled to and we don't blame them. It is thought that the Judge will not fine defendants and relieve them of the cost this time. So you had better bring along the cash.

There seems to be a great temperance movement on hand in Lumpkin county since the election is over. Numbers of persons say that they are now willing to sign a pledge not to vote for any candidate who will use liquor any more. But we are afraid that they won't stick to it. It is very much like a fellow getting drunk. He thinks he will never do so any more but after getting over it his thirst for liquor is so great that he breaks his promise. So it is about the election. Some of them think that they won't vote for a liquor man any more but by the time two years roll round and free liquor is set out every cross road he will forget his pledge and "dive in."

Some years ago after the writer, who was then acting as town marshal, took a stand in an election contrary to the policies of the city council our heels struck the ceiling, and an ordinance was passed prohibiting all town marshals from taking any hand in politics whatever. This ordinance is said to have been violated by Marshal Bruce at the late election and complaint has been made to the council. Mr. Bruce states that he didn't have but one ticket in bill hand on election day and that was handed him by a friend who wished him to fill it out. It charges are made in proper form the matter will be investigated at the next regular meeting of the council.

John W. Jenkins is getting out rock preparatory to building a wall below the new Baptist church.

From what some of the Colored Odd Fellows say one of their brothers, who got drunk on election day will not get to ride the roat any more.

Our old friend Fulton Williams, formerly of Dahlonega but now of Union county, was defeated for sheriff in the last election over there by six votes by his republican opponent.

Jeff Satterfield, who enlisted in the army from this place some time ago returned last week on a sick furlough. He had been down with typhoid fever thirty days before he returned and is reduced to almost a skeleton.

Some of the voters in Mill Creek district don't seem to appreciate the work done by preachers out there. The candidate who used liquor got more votes than either one of the ministers who had preached to them many times and endeavored to save their souls.

Last Sunday while Miss Floy Rice was attending church she was taken suddenly sick causing a good deal of excitement and services to suspend until the treatment of Dr. Wheelchel caused her to get better and she was carried home. The lady is enjoying her usual health now.

A fine amalgamated copper plate 8x4 1-2 was stolen from the Mary Henry mill a few nights ago. A miner had a lot of ore to crush and the loss was not noticed until he started to run his ore through the mill. No doubt the fellow that got it has already made it into a still and turned out a run or two of liquor. The plate was worth about \$150.00 and it is supposed that it contained about fifteen or twenty dwts. of gold.

The blockaders are causing so much distress across the Blue Ridge that some of the citizens are organizing and making an effort to stop it. Read the resolutions on the first page of todays paper and see how they propose to do it. The good citizens of Lumpkin county should make an effort in the same direction. It would save many a little child from crying for bread and so much idle time being lost by able bodied men who have to be imprisoned for violating the law.

The council should pass an ordinance prohibiting boys from lying out of nights about on benches and porches on the public square. It's not allowed any where else and shouldn't be here. At home is the place for lads after the stores close up. Some one might break into a store and these boys might have to go to the chain gang on account of not being able to prove where they were at. The court house has become a great roosting place for them. They often stay there and go home the next morning and tell their parents that they spent the night at some friends house. It ought to be bursted up before some one gets into trouble. Occasionally a married man roosts in the court house. It's true that it belongs to the public but not for a sleeping department.

The following defendants from Lumpkin county, whose cases were tried in the U. S. District Court in Atlanta last week were disposed of as follows: Wm. Crane, Jr., Cicero Rayan, P. L. Kenimer, John L. Corn, Wilson Blackburn and Jeremiah Stover were sentenced to imprisonment in Fulton county jail three months each and to pay a fine of \$100.00. Matthew McDonald was sent up for two months and to pay the same fine. None of these parties are able to pay the fine and will have to remain in prison a month longer. Sum the whole up and you will find that it amounts to 23 months of close confinement and idleness. Some of them have families that badly need their assistance at home. Think of the misery and distress this blockading business brings about. These men could have worked at 25 cents per day and made more clear money, counting this loss of time.

##### **How an Enemy was Foiled.**

The following graphic statement will be read with intense interest: "I cannot describe the numb, creepy sensation that seized me at my arms, hands and feet. I had to rub and beat those parts until they were sore, to overcome in a measure the dead feeling that had taken possession of them. In addition, I had a strange weakness in my back and around my waist, together with an indescribable ground feeling in my stomach. Physicians said it was cerebral paralysis, from which, according to their universal conclusion, there is no relief. Once it fastens upon a person, they say it continues its insidious progress until it reaches a vital point and the sufferer dies. Such was my prospect. I had been doctoring year after year and half steadily, but with no tangible benefit. When I saw an advertisement of Dr. Miles' Restorative Nervine, procured a bottle and began using it. Marvellous as it may seem, but a few days had passed, before even a bit of that creepy feeling had left me, and there has not been even the slightest indication of its return. I now feel as well as I ever did, and have gained ten pounds in weight, though I had run down from 175 to 145. Four others have used Dr. Miles' Restorative Nervine on my recommendation, and it has been so satisfactory in three cases as to induce James Kane, La Rue, O. Dr. Miles' Restorative Nervine is sold by all druggists on a positive guarantee, or sent direct by the Dr. Miles Medical Co., Elkhart, Ind., on receipt of price, \$1 per bottle, six bottles for \$5, express prepaid. # THE NUGGET.

DAHLONEGA, GA., OCT. 21, '98.  
Entered at the Dahlonega, Ga. P. O.  
as Second Class Matter.

The United States flag now  
waves over Porto Rico.

Grand jury returned 22 true  
bills.

Snow fell in Chicago on the  
night of the 13th, being the earliest  
there in 26 years.

Two ministers subscribed for  
the Nugget this week. We shine  
the light so that all may see and  
gather information.

The amendments carried at the  
late election and are now a part of  
the Constitution, declared so by  
Gov. Atkinson in a proclamation  
last week.

The grand jury appointed W. T.  
Dowdy, B. F. Anderson and M. G.  
Head as a committee to look up  
the much talked of insolvent taxes.  
John W. Jenkins was appointed a  
member of the finance committee  
to fill the expired term of Joseph  
Allen. John Redmond was also  
appointed Notary Public of the  
838 district, G. M. of Lumpkin  
county.

The war department officials say  
that the war will not be over un-  
til the treaty of peace is signed  
and ratified by the United States  
senate and that the soldiers may be  
needed for further duty. No dis-  
charges will be granted except for  
sickness and disability, and the  
request in these cases must be  
approved by the colonels and  
higher commanding officers.

Another effort will be made at  
the coming legislature to have the  
state purchase the veterans home  
in Atlanta for the use of old sol-  
diers. Lumpkins representative  
is against it and wears glad of it.  
The state needs no such an institu-  
tion as this. We have yet to meet  
the first old soldier that wants to  
leave his native county and friends  
and be carried off to Atlanta  
among strangers to die.

Claims for pensions growing  
out of the Spanish war are now  
beginning to find their way into  
the pension bureau. Up to the  
middle of last week the number of  
claims filed on that account  
amounted to 526, and they are be-  
ing received every day. The pen-  
sion payments next year will  
hardly be less than \$200,000,000.  
For the last fiscal year the y were  
about \$150,000,000.

We need the Australian ballot  
system instead of the present reg-  
istration law. Before the last elec-  
tion nearly every candidate and a  
number of justices of the Peace in  
this county had a registration list  
and received names. It is said that  
in some instances voters would  
come to creek or river and hol-  
low for his name to be added,  
which was done and the name was  
counted as legally registered.

Both our hotels have been crowd-  
ed this week. On the Hall House  
register we notice among other  
names C. H. Hamlin, W. H.  
Hewitt, M. Cope, C. C. Morrison,  
S. D. Brady and J. R. D. Long,  
all of Chattanooga, and G. T.  
Simpson, St. Louis. And at the  
Barnside Judge Kinsey, Solicitor  
Thompson and many other faces  
could be seen. One night one  
panel of the special jury and two  
bailiffs made it their headq. quarters.

A battle occurred between the  
niggers one day last week at  
Virdin, Ill., and a car load of ne-  
groes who were to take their pla-  
ces. The train, which contained  
the negroes, had to be run on to  
another place to keep hundreds of  
lives from being lost. Near 1000  
shots were fired on both sides and  
some fifteen or twenty men lost  
their lives. The miners had struck  
some time ago because they were  
only allowed 25 cents per ton for  
taking out coal. They demanded  
40 and the company refused to  
give it and undertook to fill their  
places with these negroes. The  
miners had to be called out to re-  
store peace.

It Hangs  
On  
If it was only health, we  
might let it cling. One cold  
no sooner passes off before  
another comes. But it's the  
same old cough all the time.  
And it's the same old story,  
too. There is first the cold,  
then the cough, then pneu-  
monia or consumption with the  
long sickness, and life trem-  
bling in the balance.

**Ayer's  
Cherry  
Pectoral**

loosens the grasp of your cough.  
The congestion of the throat  
and lungs is removed; all in-  
flammation is subdued; the  
parts are put perfectly at rest  
and the cough drops away. It  
has no dissolved tissues, on  
which to hang.

**Dr. Ayer's  
Cherry Pectoral  
Plaster**

draws out inflammation of the  
lungs.  
**Always Free.**  
Remember we have a Medical Depart-  
ment. If you have any complaint what-  
ever and desire the best medical advice  
and remedy, write the doctor freely. You will receive  
prompt reply. Write to

## Tested and Tried For 25 Years

Would you feel perfectly  
safe to put all your money  
in a new bank? One you  
have just heard of?  
But how about an old  
bank? One that has done  
business for over a quarter  
of a century? One that has  
always kept its promises?  
One that never failed; never  
misled you in any way?  
You could trust such a bank  
couldn't you?

## SCOTT'S EMULSION

of COD-LIVER OIL WITH  
HYPOPHOSPHITES is just  
like such a bank. It has never  
disappointed you, never will.  
It has never deceived you,  
never will.  
Look out that someone  
does not try to make you  
invest your health in a new  
tonic, some new medicine  
you know nothing of.

## Lumpkin Superior Court.

The Superior Court of Lump-  
kin county convened Monday morn-  
ing at 10 o'clock—Judge J. W.  
Kinsey presiding. Solicitor How-  
ard Thompson not having had time  
to arrive from Gainesville, Col. W.  
A. Charters assisted in the organi-  
zation of the court. The grand  
jury after electing Dr. C. H. Jones  
foreman of the body, returned to  
the court room for instructions  
which were given to the members  
in a very explicit manner—so that  
each and every one might under-  
stand his duty. No abler charge  
was ever given in the court room  
by any judge than the one we lis-  
tened to last Monday, and if any of  
the members fail to discharge their  
duties it will not be Judge Kinsey's  
fault.

The following is the business  
that has been disposed of:  
W. T. Caldwell vs. Rebecca  
Caldwell—divorce. First verdict,  
G. W. Ash vs. Rhoda Ash—di-  
vorce. Total divorce granted and  
both parties allowed to contract  
marriage again, and the custody of  
the minor children awarded to the  
plaintiff.

Belle Jones vs. M. P. Jones—di-  
vorce. Total divorce granted and  
both parties allowed to contract  
marriage again, and the real and  
personal property mentioned in  
schedule given to plaintiff as per-  
manent alimony for her support  
and the custody of minor children  
awarded plaintiff.

Margaret F. Hooker vs. Thom-  
as J. Hooker—libel for divorce.  
Order perfecting service.  
J. J. Marlow vs. L. M. Marlow  
—remitter from Supreme Court.  
Order taken making the judgment  
of the Supreme Court affirming  
the judgment of this court.

F. M. Turner vs. Allen Stringer  
—appeal from Justices Court.  
Verdict for plaintiff.

In re J. W. Adams, et al—ap-  
plication for charter. Granted.

In re David S. Drake, et al—  
application for charter. Granted.  
Anderson Spriggs vs. John F.  
Betts—attachment, &c. Nonsuit-  
ed.

Henry Thomas vs. Malissa  
Thomas—divorce. Verdict grant-  
ing total divorce, allowing each

cost or six months in chain gang.

Beekie Anderson—kidnapping.  
Not prosed.

Will, Time and John Loggins—  
disturbance at a funeral—John  
found guilty, and Time enters a  
plea of guilt. Not prosed as to  
Will. First two fined \$30 each and  
cost or 6 months in chain gang.

This finishes the business of the  
court that closed at 6 p. m. yester-  
day afternoon, which shows that  
no time has been lost, and we might  
add here that it seems to be the  
universal wish of the people of  
Lumpkin county that Judge Kin-  
sey be re-elected and we trust that  
he will.

Lumpkin county grand jury at  
the present term of the Su-  
perior Court has unanimously en-  
dorsed Col. W. A. Charters for  
Solicitor and ask that Judge Kin-  
sey be re-elected.

Col. Farrow was up last Wednes-  
day distributing his "high heel  
stocking" circular. It is a very  
poor "get up" and we are surpris-  
ed at a man with Col. Farrow's  
sense in circulating such a thing.  
It resembles the work of a school  
boy. But it may be that the Col-  
onel has reached the age so as to  
become childish again. We regret  
the Colonel's course as nothing good  
can grow out of it.

To My Fellow Citizens of the  
32nd Senatorial Dist. of Ga.

Permit me in this public manner to  
express to you my appreciation of the  
honor you have conferred in electing  
me to represent you in the Senate of  
Georgia.

Surely it is an honor, and should ever  
be considered a very high honor, to  
be made the representative of the peo-  
ple of our great commonwealth in  
its capacity and while I am deeply sen-  
sible of the distinction you have con-  
ferred upon me, I am by no means un-  
mindful of the fact, that the honor car-  
ries with it the discharge of a duty in-  
volving a high trust and the confidence  
of your good citizenship.

In contemplating the magnitude of  
this trust and the responsibilities in-  
separable from the office to which you  
have called me, I have at times thought  
that there was not sufficient care taken  
by the people to guard the interests of  
the State in the selection of those who  
were to become their dignitaries.

Public office is indeed a "public  
trust," made only an act of sover-  
eignty as that supreme Power rests in  
the people and as it is expressed by  
them through their franchise of citi-  
zenship.

In a primary election held some  
months ago, by a majority of the bal-  
lots then cast, I was nominated as a  
candidate for the State Democratic par-

ty and in the recent election, by a large  
majority, composed not only of dem-  
ocrats, but increased by the ballots of  
citizens whose party alliances have  
heretofore been with the republican  
and with the populist parties, I have  
been chosen to serve as your State Sen-  
ator. I cannot therefore feel that my  
official relations to you are to be re-  
stricted by, or are to be limited to, my  
party sympathies, but that I go from  
you to the Senate of Georgia as a  
representative in that body of the  
whole people of this District.

I shall assume the duties of the high  
trust, to which you have called me,  
with but the single purpose of advanc-  
ing the best interests of this Senatorial  
District, and while doing so to main-  
tain, as best I may in my place as a  
Senator, the honor and the progressive  
spirit of our great State.

While I have no animosities to  
cherish and no enemies that I would  
punish I most assiduously desire to re-  
ward my friends and myself by the  
faithful discharge of my official duties,  
and by maintaining unswerving the hon-  
or you have conferred to my keeping,  
and inviolate the confidence you have  
reposed in my personal character and  
in my political integrity.

I am with greatest respect your fel-  
low citizen.

# THE NUGGET.

DAHLONEGA, GA., OCT. 21, '98

Miss Mary Jane Norrel died in Auraria district one day last week. Some of our subscribers at Walnut fail to get their papers. Let the one in charge of the office be more careful or we will report them to the department.

G. McGuire has returned from market and has added to his already large stock a big line of shoes, tinware, glassware, and many other things which the people want.

We are requested to say that those churches not represented at the Chestate Baptist Association can leave their money at the Nugget office if they desire any minutes.

The divorce mill was set to running in the court house Monday and has been kept up most every day since. If there were no divorces granted in Georgia men and their wives would get along better.

Up to Thursday Ed. Corn, the Squire of Nimbewill district hadn't presented his book to the grand jury. It is said that he got on a "tare" Monday night and ran his family all off from home. Too much new brandy.

It will be seen by Senator Underwoods card elsewhere that he is going down to Atlanta to represent the whole people. This is a move in the right direction and an example which all servants of the people should follow.

Col. R. M. Bryson, of Dawsonville, who has recently been admitted to the bar, informs that he will likely make Dahlonega his future home. He has a host of friends here who would be glad for him to become a citizen of our town.

We had the pleasure of again meeting Rev. D. M. Edwards, of Dawsonville, this week. Although Mr. Edwards is practicing law he does not neglect his ministerial duties. He informed us that he had taken in over fifty members into the church this year.

The hundred dollar bond of Riley Dangler, who forfeited it, was paid off last Monday by one of his bondsmen, out of money that was given Mary Garrett as a pension from the government. Dangler left his wife and departed with Mary some time ago for parts unknown. Before they left, however, Mary received \$140 back pension money, one hundred of which went to pay off the bond. We give this to show the way some of the pension-money goes.

We understand that this weeks grand jury followed the example of the Temperance Union. Did nothing in reference to candidates using liquor on election day, but rather encouraged its use, as we understand that one of the jurors had to leave the room during the week on account of chambering too much liquor. The grand jury system is a farce any way. It gives a fellow serving on it a chance to get even with some one he dislikes by going to the solicitor and giving the necessary information and let it be returned as a "true bill." When if it is a friend, he closes his eyes and stops his ears. Look for instance at the drunken row at Bill Stringers funeral. No true bill at first. And the candidate who treated out two gallons of liquor within sight of the church in Hightower district. No notice taken of it. And the candidate who opened out a free saloon behind the Crawford house on the public square during election day. There were men on the jury who had used liquor too and they couldn't afford to notice it. Then again, men who belong to the Temperance Union, pray, sing and talk for temperance, voted for candidates who they knew used liquor. There is too much talk and nothing done in this Temperance Union—too much outside appearance work that don't suit us, therefore we withdraw from it and let every person look out for himself.

There was some ice on Wednesday morning. Some of our farmers have commenced gathering corn.

It is thought that there will be an interesting baptizing at the Cane Creek Church next Sunday.

There will go from Dahlonega one hundred students or more to attend the governors inauguration. We understand that Col. Candler makes this request.

Mr. Kingsbury commenced cutting a ditch last Monday for the purpose of putting water on the Korins mine. This is a valuable piece of property and we will soon hear of good results.

John Long, the father of Robt. Long, who killed Henry Clark recently, was in Dahlonega this week who, we understand, employed Col. Baker to defend his son in case he was caught.

The following visiting members of the bar attended court here this week: Col. J. W. H. Underwood and Isaac Oakes, of Cleveland, Cos. D. M. Edwards and R. M. Bryson, Dawsonville, Col. J. C. Edwards, Clarksville, and Col. W. F. Findly, Gainesville.

Col. Howard Thompson visited Dahlonega this week for the last time on an official tour to the regret of his many friends. He has been Solicitor General for many years, and though he might have committed some errors, all our citizens dislike to give him up.

Col. Farrow passed through Dahlonega last Monday together with his lady, on their way home from Porter Springs. The Colonel didn't appear last Tuesday night according to promise to speak to the "high headed stocking fellows." Probably he will be on hand at some other time.

A difficulty occurred last Sunday night between Cody Jarrard and John Ash, up in Chestate district while they were on their way to church because they both loved a young lady who was over from Union county attending Mt. Pisgah meeting. One of the young gentlemen was escorting the lady to church carrying her shawl. The other lover stepped up and demanded it, which was refused and they both got to pulling at the shawl like two dogs fighting over a bone. The young lady made them both give up the shawl who then went on to church alone.

The 59th annual session of the Chestate Baptist Association was held with Mount Gililand Church in Shoal Creek district last Friday, Saturday and Sunday, Rev. C. W. Stargel presiding. Owing to the damage done by the recent high water to our fords and bridges some of the churches were not represented. Yet the session was one of unusual interest and harmony. The discussions were interesting and brotherly. A resolution passed that the publishing of the minutes be done at the Nugget office. This kind remembrance is highly appreciated by its editor who will always have a warm place in his breast for each and every one of the members of that Association.

The contract for the building of Bearden's bridge was awarded to The Virginia Bridge and Iron Co. last Tuesday by Judge Tate, for the sum of \$943 and is to be an iron structure, which is endorsed by the grand jury. This is the same company that repaired the bridge down at Leathers' Ford. There were a number of bidders for the work just awarded, names and bids being as follows: New Columbia Bridge Co., iron \$1,000, The King Bridge Co., wood \$986, Cleveland Ohio Co., iron \$1,040, Canton Bridge Co., iron \$1,364, wood \$1,274, Southern Bridge Co., wood \$962, iron \$1,020, Indiana Bridge Co., iron \$1,100, wood \$1,160, Virginia Bridge and Iron Co., iron \$943, wood \$900, Geo. H. Craft, wood \$929, Converse Bridge Co., wood \$1,040, iron \$1,100, L. B. McCrary, wood \$850, C. W. Satterfield, wood \$880, J. C. Piers, wood \$749, J. H. Redmond & Co., wood \$949.

John P. Stegall was up from Emerson this week.

Frank Mouse has moved back to Dahlonega from the Big Joe mine.

More new improvements have been made on the Hughes building this week.

A. B. Crenshaw, New Bridge's postmaster, has been up courting this week.

Last Sunday some boys secured a quart of liquor and went out into the country to preaching.

Chas. C. Jones and lady, of White county, were registered at the Hall House this week.

The first frost in this section this season appeared on the 15th inst., causing childrens shoes to sell like hot cakes.

Miss Mary Ann Lingerfelt was wedded in the western portion of the county a few days ago to Lucius Gamlin.

Old Uncle Henry Houser, of Dawsonville, who built Wimpy's mill near Dahlonega in 1867, was among the visitors here this week.

Our young friend John Berry, one of the defeated candidates for sheriff, sold out everything he possessed this week and left out for the West.

When you send by mail for the Nugget it is a very easy matter to enclose a money order or one dollar bill. Then you will be certain to get your paper.

Sheriff elect Davis says that he will have no deputy but expects to transact the entire business of the office himself as has been done heretofore by other officers.

E. T. Martin, was up this week from Auraria district with his head tied up like he had been to an Irish wedding. He was thrown by a mule the other day and received a painful wound on his forehead.

It rained hard enough last Monday to swell the Chestate river and cause them to blow the distress whistle that night at the Burch boat and alarm many citizens that had never heard it before.

Dr. M. N. Slow, of Mineral Bluff, was wedded to Miss Georgia Bright of Murphy, N. C., on Wednesday of last week. The happy couple arrived in our town Sunday afternoon where they spent several days with the Doctors parents.

Some one remarked the other day that the county ought to build a bridge across the creek at Wimpy's mill. It is within the corporate limits and if one is built the town will have to foot the bill. It will quite likely be some time before one is seen there as our citizens are not able to build school houses and big bridges too.

Capt. F. W. Hall is busy every day getting his grist mill ready for operation over at the Chestate. It is said that he has the finest lot of machinery ever brought to this country for a mill. The Captain believes in doing all work well. He gives much employment to laborers in this section and is a great help to those who have to toil daily for a living.

O. C. Scupin, the German who is in charge of the Bettz mine, was in Dahlonega several days this week. He reports everything moving along as usual about his operations, which are being watched with much interest as deeper mining has been done at this place than anywhere else in the county. The shaft is now something over 300 feet deep and they anticipate sinking it 200 feet more.

Judge Gaston, the present mayor of Gainesville, came up to Dahlonega on a short visit to his relatives this week. The Judge is always a welcome visitor. Dahlonega is his old home and his friends here are numerous. The Judge and the writer used to belong to the Dahlonega rock throwers brigade and of course it is natural for comrades of this kind to love to meet with each other.

Prof. Stewart made a business trip to Gainesville first of the week.

W. B. Woodward, Junior editor of the Signal, went down to the city of Gainesville last Sunday.

Henry Grizzle, of this county has a board that measures six feet and five inches round.

Chestnuts are not worth anything now scarcely. They sold in Dahlonega for fifty cents per bushel and twenty-five in Gainesville last week.

Sheriff Brooksher while, out in search of Bob Long, the murderer of Clark, last week, came across Bill Calaway in Union county, who was wanted in Lumpkin for larceny, and brought him over and landed him in jail.

About the 3rd day of October Henry Grizzle, residing in the upper portion of the county, killed a rattler measuring four and a half feet in length which had been found by his children. This will probably wind up the snake business for the season.

E. P. Hayden, who is 65 years of age, stood on one foot and wrote his name to a petition across his knee last Friday asking that the department restore the old mail route between Dahlonega and Gainesville. He enjoys excellent health and desires good mail facilities.

At the recent marriage of Mr. Hugh Smith and Miss Alice Anderson, after Mr. Speer, the minister, had united the happy couple and got ready to depart found that some one had cut his buggy harness. The mischief doers have no respect for preachers nor no one else.

Mr. Hudson, of Gainesville, came up and commenced last Friday to finish the brick work on the new Baptist Church at this place, which will not require a great deal of time to do the work, then the Baptist people will have a beautiful and comfortable structure in which to hold divine services.

U. S. Deputy Marshal Grizzle went up into Chestate district Thursday night of last week and found Ben Kavan running a blockade distillery. He was brought to town and put in charge of a guard until a warrant could be sent to Atlanta and approved, as required under the present administration. Capt. Ware came up later when the warrant was approved and Ben was bound over.

The dormitory has been occupied by students for more than a month and is giving such satisfaction as to cause the trustees to speak of enlarging it. Mr. West is in charge of the dormitory and keeps good order and the forty boys there seem to be well satisfied with accommodations and the one in charge. No clever, or better young man ever attended the N. G. A. College than Mr. West.

Last Friday was Justices Court for the Dahlonega district. J. W. Walker had sued W. C. Thomas for the sum \$1.53 and they went into trial and the case was presented to the jury. After some time one of the jurors came out and said they couldn't agree and it was hoped that they would compromise the case, and retired to the jury room again. A short while the request was complied with, the jury called in and the matter settled.

Quite a large number of delegates passed through Dahlonega last Friday on their way to the Chestate Association which was held over at Mt. Gililand some six miles east of Dahlonega. Among them was J. S. Chester, who represented a church up in Hightower district. Quite a change has taken place. Seven years ago Chester was one of the biggest blockaders in all this mountain country. Now he has quit it and is trying to serve the Lord instead of the Devil and is making good headway. He would not even take any hand in the late election on account of the drinking that was going on at his house. He stayed at home, therefore he will be neither a defendant or witness.

G. McGuire went to market first of the week to lay in more goods.

Wash Grizzle got one of his hands badly mashed last week down at the Hand cut by a rock rolling on it.

T. A. Christy, a former citizen of Dahlonega has been elected to the legislature from a county in lower Georgia.

Porter Springs, the great summer resort that is known both far and wide, where but a short time ago presented a city like appearance, is now closed and is a lonesome looking place.

Uncle Dick Wheelchel never has enough business in the Superior Court to keep up with its sessions. Last Monday he came down from home and enquired why so many people were in town. If every man was as law abiding as Uncle Dick such a thing as a court house would not be seen.

Bill Scotts strange light returned again last Saturday night. There has been some improvement made on it since its last appearance. This time it had a tail and gave enough light to read the Nugget by had it remained still. Oh, what a happy thought for a man to be taking a paper which furnishes its own light.

John A. Howard, who came up last week, will likely remain with us for some time. He has been engaged in the revenue service as ganger for quite awhile. Johnnie is a democrat and since the republicans have got into power they always make it convenient to employ republicans first, and the persimmon given to a democrat is generally a very small one. They prefer a negro republican to a white democrat.

Visitors to Dahlonega this week report a horrible murder which occurred one day last week in the edge of Gilmer county, near the Dawson county line. The man that lost his life is Lee Dotson; and the murderer is Tob Chastain. He went to where Dotson was making up syrup and shot him three times. Some time ago they had a difficulty when Dotson cut Chastains throat from ear to ear but not deep enough to kill him, which was the cause of the trouble. Chastain got away.

Why do you buy at time prices? The cash will get the goods much less, if you will buy from B. R. Meaders & Sons, any way you pay will come unless you are a rogue. A few items will show. Mens and boys caps 10 to 23 cents. Metal sifters 10 cents. All wool dress plads 50 inches wide 34c. Nice silk for waists 34c. Jeans 13 and 20. 4 quart coffee pots 10c. 3 quart tin buckets 7c. Corsets to suit most all 21c up. Hamilton's remnant calico 5c. Nice sweet crackers 5c per quart. Cast steel hammers 35c. Bed ticking 10 1/2c.

Appropriate memorial services were held last Wednesday by the bar in respect to Col. M. G. Boyd, one of their members who died since the Spring term of the court. Judge Kimsey appointed Cols. J. W. H. Underwood, W. F. Findley, R. H. Baker and O. G. Lilly last Monday to prepare the suitable resolutions, and while doing so the Judge paid a very high tribute to the deceased. Among other things Judge Kimsey said, that the whole people respected him, and never would he forget the valuable services he had rendered in the court room by his able arguments.

Judge Kimsey while charging the jury last Monday said that the "great walls of justice were made so high and thick that no one could scale them without a bill being returned by them." But some times after a defendant has received the attention of the grand jury he gets over this great wall very easy. Look at Mr. Bush in Gainesville recently who had misappropriated \$5,000 of another mabs money. He leaped from with both hands in his pockets, while a poor fellow who had stoll a turkey came along and couldn't get over with the assistance of both of its wings, but lit into the chain gang.

And Capt. Mayne, the Englishman, is not here yet.

By referring to our first side you will see that all the citizens of Dahlonega desire the old mail route to Gainesville restored.

The Nugget was remembered this week by quite a number of new subscribers, money and kind words. What more could we ask?

Cadet Stanton, of Social Circle, received a telegram Monday morning at 2 o'clock, stating that both his father and mother were down sick and for him to come at once. He left the next morning.

Aaron Satterfield, formerly of this county, but now of Jackson, had the misfortune to lose one of his children the other day, which was left alone in the house when it caught a fire and was burned to death.

The bell for the meeting of the Epworth League didn't ring until about 8 o'clock Saturday night which caused some of the citizens of Last Chance to make fast speed to town thinking it was an alarm for fire.

James Witt and James Harbison who left here on the first of the month for Ringman, Arizona, have reached their destination all O. K., and are now eating their meals prepared by Chinese cooks. There are no others in that country.

Geo. W. Stuman, who is engaged in mining up at the Hanby mine in White county, was down last week in search of some hands, Lumpkin county miners can always find employment. Mr. Stuman will likely move his family up there later on.

Fifty thousand college envelopes have been received by some of the authorities that were printed out of the state. Where printing is not done at home for the college it should at least be given to some one who resides in Georgia. The College is kept up by the state and when there is work to be done for it Georgians should be patronized.

Uncle Tilman Davis, who resides in the upper portion of Lumpkin is probably one of the stoutest men of his age in the county. He is 72 years old and yet works a good deal during the farming season. He has been in the county all his life, with the exceptions of a few months, and looks as if he is good for many more years. He says that he was born on the first day of the week, first day of the month and first month of the year.

Rev. James Wehant, of the western portion of the county, was in town last Saturday in the interest of a Mr. Ayers who is charged with blockading. The witnesses could not be had then and Mr. Ayers could not be accommodated on that day but will later on. Marshal Grizzle will let him know when he is wanted in due time. The revenue department is too sharp to undertake to try a defendant without witnesses.

Mr. Edwards, of Atlanta, who was awarded the contract for the building of the new school house in Dahlonega some time ago, came up a while before the election and ordered all the necessary framing, which is now being delivered, and returned to Atlanta about the first of the month to secure other necessary material and to bring back his family the following week, but so far he has not returned and the committee cannot account for his strange actions and his brother has nothing to say, hoping probably that he may yet come. He left his horse bill unpaid at the Burnside and Mrs. Harbison gets no word from him. Mr. Edwards was allowed \$60 more on his contract after he came to Dahlonega than his bid and seemed perfectly satisfied on that line, and his conduct while here was such as to cause no suspicion in any manner whatever. He has given a \$500 bond for the building to be constructed by a certain time. His brother and Mr. Hunter are still at work on the house but we do not know how long they will continue until new arrangements are made.

Those who appreciate the beauty of nature can now find much that is pleasing to the eye and soothing to the spirit. The crimson and purple lights of autumn are tinging the trees and shrubbery; the lull winds are catching up the vibrant leaves and sweeping them into sheltered nooks where they die in peace. The sombre curtain of autumn is falling on the earth, shutting out from view the rich foliage and verdure of summer.

Many of the distressing disorders peculiar to women are caused by diseased conditions in the liver and bowels. By restoring these organs to health activity the regular functions of the female organs are re-established. A well tried remedy for liver troubles and disorders of the urinary organs is Dr. J. H. McLean's Liver and Kidney Balm. Thousands of ladies have used it and all say it is a boon to suffering womanhood. Price \$1.00 a bottle. J. F. Moore.

Gon. Callazo is ready to continue war, even with Americans, for independence. The Cubans, he declares are ready to undertake another fifty years' struggle rather than to submit to government of foreigners.

For the ailments in the kidneys and bladder incident to declining years there is no remedy that produces such immediate and satisfactory results as Dr. J. H. McLean's Liver and Kidney Balm. Its genial and invigorating effect on the liver and kidneys is remarkable. Price \$1.00 a bottle.

An official report shows that there were only seventeen men killed and sixty-seven wounded in the Spanish war.

Old people suffer much from disorders of the kidneys or urinary organs, and are always gratified at the wonderful effect of Dr. J. H. McLean's Liver and Kidney Balm in banishing their troubles. Price \$1.00 a bottle. J. F. Moore.

Before the war Cuba contributed about one-twelfth of all the tobacco used in the world.

**Are You Weak?**  
Weakness manifests itself in the loss of ambition and aching bones. The blood is watery; the flames are wafted—the door is being opened for disease. A dose of Brown's Iron Bitters taken in time will restore your strength, make your nerves, make your blood rich and red. Do you need good food? An expensive special course of medicine. Brown's Iron Bitters is sold by all dealers.

**A NEW TRIUMPH.**  
The Dreaded Consumption Can Be Cured.

T. A. Stocum, the Great Chemist and Scientist, Will Send to Sufferers, Three Free Bottles of His Newly Discovered Remedy to Cure Consumption, and All Lung Troubles.

Nothing could be fairer, more philanthropic or carry more joy to the afflicted, than the generous offer of the honored and distinguished chemist, T. A. Stocum, M. C., of New York City.

He has discovered a reliable and absolute cure for consumption, and all bronchial, throat, lung and chest disease, catarrhal affections, general decline and weakness, loss of flesh and all conditions of wasting away; and to make its great merits known, will send three free bottles of his newly discovered remedy to any afflicted reader of the NUGGET.

Already his "new scientific system of medicine" has permanently cured thousands of apparently hopeless cases.

The Doctor considers it not only his professional, but his religious duty—a duty to which he owes to suffering humanity—to donate his infallible cure.

He has proved the "dreaded consumption" to be a curable disease beyond a doubt, in any climate, and has on file in his American and European laboratories thousands of "healed testimonials of gratitude" from those benefited and cured, in all parts of the world.

Better than either is a healthy liver. If the liver is O. K. the man is O. K. His blood is kept pure, his digestion perfect, and he can enjoy life and act intelligently and patiently upon the questions of the day. You all know what to take. You have known it for years. It is Simmons Liver Regulator—

For years you and your fathers have found it of sterling worth. It is and always has been put up only by J. H. Zeilin & Co. Take note of the genuine. It has the Red Z on the front of the wrapper, and nothing else is the same, and nothing so good.

## FOR ALL WOMEN

None more of all the pain and sickness from which women suffer is caused by weakness or derangement in the organs of menstruation. Nearly always when a woman is not well these organs are affected. But when they are strong and healthy a woman is very seldom sick.

## Wine of Cardui

Is a nature's provision for the regulation of the menstrual function. It cures all "female troubles." It is equally effective for the girl in her teens, the young wife with domestic and maternal cares, and the woman approaching the period known as the "Change of Life." They all need it. They are all benefited by it.

For advice in cases requiring special directions, address, either to the Ladies' Advisory Department, or to The Chattanooga Medicine Co., Chattanooga, Tenn.

THOS. J. COOPER, Toledo, Ohio, says:

"My sister suffered from irregular and painful menstruation and doctors could not relieve her. Wine of Cardui entirely cured her and also helped my mother through the Change of Life."

# THE NUGGET.

DAHLONEGA, GA., OCT. 28, '98.  
Entered at the Dahlonega, Ga. P. O.  
as Second Class Matter.

Atlanta has been full of office seekers this week.

Give us the Australian ballot system. Then treating out liquor on election day will cease.

Capt. Yancey Carter, a populist senator in the last legislature, has had the yellow fever in Cuba.

The bonds of all county officers have to be stamped at the expense of the officer. Being 50 cents on each bond.

The killing frost on the 22nd at every infected fever point in Louisiana and Mississippi is causing great rejoicing among the citizens of the two states.

Howard Redd, a negro doctor and preacher, was convicted in the superior court at Atlanta last week of horse stealing and was given ten years in the penitentiary.

A. R. Smith who was elected to the legislature, resigned as clerk of the Superior Court and Dr. J. W. Oslin was appointed to fill the unexpired term in Hall county.

A negro fiend who assaulted a helpless white girl and then attempted to kill her the other day in Cumberland County, Ky., was caught and dragged to death by a mob.

At last accounts the 57 Alabama negroes who were not allowed to remain at the coal mines at Virden, Illinois, were quartered in the jail at St. Louis. They are said to be very anxious to get back to Alabama.

The wheat crop is in danger in North Dakota and Manitoba. Millions of bushels are standing in fields that cannot be harvested on account of the snow and rain. It has been either snowing or raining for near two weeks.

Collector Rucker states that a farmer can sell leaf tobacco of his own raising in the hand in any quantity to any one without having to pay any tax, but if he takes any of the stems out or twists it he is liable as an amanafactor and must stamp it.

As the Union county court house is a wreck and cannot be used, an election will be held at an early day to settle the location of a new one. Some of her citizens desire it to be moved three miles this side of Blairsville on the River Road.

The United States Supreme court has decided in the case of Briggs vs. Walker that "an appropriation by congress in payment for cotton taken during the war by the union forces, was part of the general assets of the beneficiary, subject to creditors, as well as heirs and legal representatives."

We have received Bulletin No. 4-A, prepared by State Geologist W. S. Yontes and his two assistants, containing 535 large pages of occurrences and history of gold mines in Georgia, 307 of these being devoted to Lumpkin county, giving much valuable information about the mineral belt of this section. The Professor has spent a good deal of time making proper investigations in Lumpkin which enables him to give a very interesting and correct account of her gold fields.

U. S. Deputy Marshal Grizzle went up into White county a few days ago and captured a still near the sheriff's house of that county, who is said to be the owner. One man was found in the still house who was arrested and carried to Gainesville for trial with the usual result. The sheriff was not at home and could not be arrested then. Sheriff Barret served out one sentence in prison for this kind of business just a short time before he was elected. We presume that he makes an excellent officer. A man who violates United States laws himself is a good one to see that those who violate the laws of the State are brought to justice—in a hurry.

## PRISONER EATS GLASS.

Caloway Eats Matches and a Portion of a Lamp Chimney While in Lumpkin County Jail.

Bill Caloway, who has been confined in Lumpkin county jail for about three weeks, attempted to kill himself last Monday morning by putting his throat with a piece of a lamp chimney, then crushing the glass with his heel and swallowing it, besides taking on a dose of matches. As soon as the matter was made known to Sheriff Brooksher he sent for Dr. Jones, but Caloway refused to take any medicine. In the afternoon he commenced suffering and his pains were so severe that his groans could be heard far away out into the street, whose death was constantly expected. The sheriff has him watched both day and night and at times his misery is so severe as to require three strong men to hold him in the bed. Occasionally he is conscious but won't eat or take any medicine for fear, he says, that he will get well.

Most certainly he wants to die for often he has been seen holding his breath and using every effort to enable him to pass into the next world.

The cause of his confinement in prison is not known. Before our Superior Court convened Sheriff Brooksher went over to Union and brought Caloway back and lodged him in jail on a warrant charging him with larceny from the house in Lumpkin county some time ago. At court when the case was sounded the Solicitor failed to have sufficient proof to convict the man and the case against him was not pressed and Caloway would have gained his liberty had it not been for the Rev. Samuel Waters, of Lumpkin county, whose daughter he was married to, which resulted in a separation and a divorce some years ago. This divine claimed that he knew of two cases against him in Union county. That he was a bad man, had threatened to kill him and the people of the country didn't want such a dangerous character turned loose on them. This was made known to Judge Kinsey who ordered him held until the Union county officials could come or send for him. At this writing they have not even been heard from and it is not known what he has done. The prisoner said Sunday that he didn't know, but was getting tired of "being cat hauled about."

The prisoner said that he wanted to die at his mothers and was permitted by the sheriff to be carried out to her home in the western portion of the county last Wednesday afternoon. Preacher Waters will likely hate it if he is mistaken about there being warrants in Union county against this man. If he is he should be compelled to pay all expenses and damages.

All the bills returned by the recent grand jury—22—grew out of liquor.

## A Fleshy Consumptive

Did you ever see one? Did you ever hear of one? Most certainly not. Consumption is a disease that invariably causes loss of flesh.

If you are light in weight, even if your cough is only a slight one, you should certainly take Scott's Emulsion of cod liver oil with hypophosphites. No remedy is such a perfect preventive to consumption. Just the moment your throat begins to weaken and you find you are losing flesh, you should begin to take it. And no other remedy has cured so many cases of consumption. Unless you are far advanced with this disease, Scott's Emulsion will hold every ingredient to you for a perfect cure.

All Druggists, etc. and Scott's Emulsion, New York.

## BILIOUSNESS

Do you get up with a headache? Is there a bad taste in your mouth? Then you have a poor appetite and a weak digestion. You are frequently dizzy, always feel dull and drowsy. You have cold hands and feet. You get but little benefit from your food. You have no ambition to work and the sharp pains of neuralgia dart through your body. What is the cause of all this trouble? Constipated bowels.

## Ayer's PILLS

will give you prompt relief and certain cure. Keep Your Blood Pure. If you have neglected your case a long time, you had better take Ayer's Sarsaparilla also. It will remove all impurities that have been accumulating in your blood and will greatly strengthen your nerves.

Write the Doctor. If you are suffering about your case you do not quite understand, write the doctor freely and let him know you are suffering. You will promptly receive the best medical advice. Address: Dr. J. C. Ayer, Lowell, Mass.

Senator Underwood is against the State owning the Soldiers Home. He says if veterans would go to it he would gladly support the measure, but as they won't he opposes it. He is correct. We don't suppose there is a single soldier in this Senatorial District that would go if the State did own it.

When you have a bad cold, Dr. Inclination would recommend Chamberlain's Cough Remedy because it is pleasant and safe to take. Dr. Experience would recommend it because it never fails to effect a speedy and permanent cure. Dr. Reason would recommend it because it is prepared on scientific principles, and acts on nature's plan in relieving the lungs, opening the secretions and restoring the system to a natural and healthy condition. For sale by F. W. Hall Mds Co.

## Three Doctors in Consultation

From Benjamin Franklin "When you are sick, what you like best is to be chosen for a medicine in the first place, what experience tells you is best, to be chosen in the second place; what reason (i. e. Theory) says is best is to be chosen in the last place. But if you can get Dr. Inclination, Dr. Experience and Dr. Reason to hold a consultation together, they will give you the best advice that can be taken. F. W. Hall Mds Co.

Capt. Eugene Mayne has not arrived from London yet. His country is about to get into a war and it may be that he had rather fight for his country than dig gold, which may cause his trip here to be postponed until the war is over.

Old fashions in dress may be revived, but no old-fashion medicine can replace Chamberlain's Colic, Cholera and Diarrhoea Remedy. For sale by F. W. Hall Mds Co.

Two thousand Pennsylvania coal miners have struck for the enforcement of the Chicago agreement. They are establishing camps near the mines to prevent non-union miners from working.

President McKinley, in all his recent addresses, urged the people to all stand together until fruits of war are gathered.

Farmers are proud that the frost came when it did on account of its raising cotton a few points.

Farmers are now busy gathering and putting away their corn and making syrup. Neighbors assemble and shake out each other's corn and at night the young people have candy pullings and happily pass away the time in playing "Pleased, or displeased," while the old people sit around the fire enjoying their pipes, watching the gray young crowd, wishing that they could call their younger days again "just for to night," and longer than this if they are living with a cross woman or an ill husband. Years ago most of the corn was shucked by negroes. They would go for miles to a corn pile and sing and shuck their way to a well filled jug of liquor at the bottom on the far side, while slice potato pies, chicken and dumplings, pumpkin custards and many other good things were ready for them on the dining room table when they completed their work. Such jolly times as were seen at corn shuckings in those days are never heard of now. Most of the negroes that are growing up now wear a bunch of flowers on the lapel of their coats and are too lazy to make corn of their own much less to shuck their neighbors.

J. W. Adams, of Chattanooga, who has frequently been to Dahlonega, and who has a movement on foot to build an electric railway from Dahlonega to Gainesville, arrived yesterday and took up quarters at the Hall House, accompanied by F. G. Thompson, of Toledo, Ohio, Will F. Dodge, J. G. Rosenthal, R. C. Thompson, F. R. Adams, Delaware, Ohio. Some of these gentlemen are already interested in mining here.

The Georgia Legislature met Wednesday and organized by electing Hon. John S. Little, of Muscogee, speaker of the House, and A. O. Black, speaker pro tem. Hon. W. A. Dodson is president of the Senate.

Bill Moore is a miner right. Last week his boy was fined \$20.00 and cost. The old man didn't have a cent of money but he went to work and dug \$20.50 worth of gold in a week and saved his boy from going to the chain gang.

One of the members of the town council informed us Wednesday that the town is practically out of debt with a hundred dollars in the treasury and more taxes to collect.

Gen. Wood has authorized the construction of a military road around the city of Santiago and will begin the work at once.

Sam Small, chaplain of the Third United States Volunteers, will be stationed in Macon during the winter.

A red-hot prohibition fight is on hand in Bibb county. The election takes place on the 10th of December.

A negro by the name of Dennis Clayton residing at Athens, is said to be one hundred years old.

The dispensary at Athens is run by Macon Johnson, a member of the Baptist Church.

President McKinley will likely visit Atlanta next month.

England says that she is ready for war with France.

## How to Prevent Croup.

We have two children who are subject to attacks of croup. Whenever an attack is coming on my wife gives them Chamberlain's Cough remedy and it always prevents the attack. It is a household necessity in this county and no matter what else we run out of, it would not do to be without Chamberlain's Cough Remedy. More of it is sold here than of all other cough medicines combined.—J. M. Nickles, of Nickle Bros., merchants, Nickleville, Pa. For sale by F. W. Hall Mds Co.

An Uncertain Disease. There is no disease more uncertain in its nature than dyspepsia. Physicians say that the symptoms of no two cases agree. It is therefore most difficult to make a correct diagnosis. No matter how chronic it is, what Chamberlain's Dyspepsia Remedy does, it does it sure. It builds up all the elements of the stomach, liver and bowels. It is sold by all druggists.

# THE NUGGET.

DAHLONEGA, GA., OCT. 28, '98

J. Phillips, Jr., returned Tuesday last after an absence of a few weeks.

H. D. Gurley has been attending the annual session of the Grand Lodge of Masons at Macon this week.

The first snow for the season fell last Wednesday occasionally as the clouds were passing over from a northwesterly direction.

Dr. C. H. Winburn, the well known dentist, of Gainesville, is still at the Hall House ready to do any kind of work in his line. Will remain this week.

Samuel Coleman, son-in-law of A. S. Whelchel, was in Dahlonega this week. He will construct the Bearden's bridge for the Virginia Co.

The late foreman of the grand jury informs us that the taxes of Thos. A. P. Tate were raised four or five hundred dollars, but by an oversight was left out of their presentments.

All the county officers recently elected should bear in mind that the law only allows them 40 days from the election to make their bonds, which term expires on the 15th of December.

The fines, saying nothing about costs, imposed at the last term of the court amounts to \$470.00, in default defendants were sentenced all to work in the chain gang five years and six months. All caused by liquor.

Capt. McAfee received the intelligence Wednesday of the sad and unexpected death of Mrs. Marcus Bell, which occurred at Cleveland Tuesday at 10 o'clock. She was the only daughter of Judge Reeves of that county.

We haven't noticed but two intoxicated men since court and they didn't mean to do any one any harm. Judge Kinsey caused the officers of court and solicitors to pocket a good deal of evil doers' money, making "liquor money" somewhat scarce.

We wish that some minister who thinks the Lord will answer his prayers would ask Him to cause the devil to catch all the wood thieves in Dahlonega. Tell him to call around at the NUGGET office the next time we get a load of wood and we will help him free of charge and rejoice when he takes off one or two. Probably then the others will take warning and go to work and buy their wood.

We see that a girl who went down to Atlanta from Narcross, calling herself Minnie Jones, has caused a policeman to get into trouble by breaking down a door to the room where she roosted. He was suspended and will be tried. This is supposed to be the same Jones girl that visited Dahlonega a time or two "for her health," causing so many to fall in love with her at first sight.

Some of our largest tax payers are very much displeased at the late grand jury appointing a committee to investigate the old tax list. They say that it will be a big expense and no profit brought about to please a defeated candidate. They claim that if it was really necessary the finance committee, the members of which are acquainted with the tax books, could have done the work in less time than a committee which has no experience in the business whatever.

Another sensation is developing and will soon be ready for the NUGGET to break the news to the public unless a certain husband gives it first by the use of his shot gun. Husbands might often prevent this by taking the proper caution in due time, which is to take their boot to a woman lover when he comes hanging around, and besides this stop their wives from visiting when they get so that they can't go anywhere without making it convenient to go by or in sight of one of them.

Miss Mattie Moore visited Miss Ethel Harris at Murrayville last Sunday and Monday.

One hundred of the college cadets leave for Atlanta to-day to attend the inauguration of Governor elect Allen D. Candler.

A woman never finds out a man until she marries him, and men never find out each other until they sit on the grand jury together.

Our informant last week was mistaken about T. A. Christy, a former citizen of Lumpkin county, being elected to the legislature. He withdrew from the race a short while before the election.

The card of Col. O. J. Lilly will be found in another column of this issue. Mr. Lilly as an attorney of much prominence in his profession and all business entrusted to him will receive prompt attention.

The trustees of the Presbyterian denomination in Dahlonega have purchased this week the beautiful town lot on the corner opposite H. D. Gurleys from J. H. Moore on which they expect to build a handsome church.

The countryman seems to find a ready sale for his possums in Dahlonega. A fellow brought in half a wagon load the other day and sold them out quicker than he could have disposed of the same amount of pork.

The three Loggins boys, who were prosecuted for being disorderly at a funeral, had to pay \$141.00 to keep from going to the chain gang. This is a costly spree and should be a warning, not only to them but to all others who use intoxicants at such places.

When you see a cross mark on your paper do not think that it is a sign that Christmas is coming. It does not. It is to notify you that your subscription to the same has expired and if you fail to renew it you will not read the NUGGET any more unless you borrow it.

You can't tell what a person is worth by looking at the tax digest every time. Last week the grand jury raised the Augusta and Dahlonega Mining Co's in this county \$400 when it has sold off all its property except a small tract of land worth only \$10, claimed by another party and the taxes on it are paid by two different parties.

The grand jury presentments, which appear on our first page will be found very interesting to most all tax payers, as the jury saw proper to raise the taxes of some 80 old persons, amounts ranging from \$20.00 to \$10,000. The members seemed to hew to the line, as they did not only assess other peoples property but raised the assessment on several of their own body.

An ex-grand jury was heard to remark the other day that the writer, who is drawn to serve on the next grand jury, could look up all liquor cases and those who used it on election day, that they had missed. No. We will not do this unless the matter is prosecuted. If they can afford to let a thing go that had happened only a few days previous, causing several quarrels, fights and one murder we will not do it. There will be enough for the next grand jury to look after occurring within six months from the time they meet, without taking up any part of the past jurors neglected duties.

In a recent issue of the Atlanta Constitution it winds up its comments on the Geological Surveyors report on the mineral resources of Georgia by saying that "more gold is produced by one mine in Cherokee county than by all the mines in Lumpkin county in a year." Undoubtedly the writer of the article is a queer deformed reporter, having a large stomach and a very small head, for any man having the least speck of mining knowledge in Georgia is aware of the fact that Lumpkin county has always been foremost of any county in the state in the production of gold and is still in the lead.

Capt. H. D. Ingersoll, after an absence of a week on a visit to Milwaukee, Wis., returned last Sunday.

Col. Vanderver, one of Dawsonville's up to date lawyers, spent last Sunday in Dahlonega, together with his wife, as the guests of M. J. Williams.

Mr. Edwards, the school house contractor, returned latter part of last week and is now engaged on the building. He says that he has been sick or would have been here sooner.

Jenkins, Stringer and Donaldson will do the rock work on the old pillars at Beardens bridge, building them six feet higher, clear above high water mark. Then the bridge work will be commenced on the 10th of December and be completed and ready for use ten days thereafter.

P. L. Nobles, the dollarless man, of Nashville, who rode all through this country in a fine two horse rig some months ago, appearing to be a millionaire, was prosecuted at the last term of Lumpkin Superior Court by a gentleman in White county for cheating and swindling him to the amount of about \$150.00. Some time ago the NUGGET removed Mr. Nobles' light from under a half bushel and placed it where every one could see it, when he disappeared, thereby saving any more people from being swindled by this sharper.

We are going to have a mail line from Dahlonega to Half Way three times a week, commencing on Dec. 13th. Bids will be received by the department until the 31st inst. for the carrying of this mail from Dec. 13th, 1898 to June 30th, 1900. It will leave Dahlonega at 9 a. m. Arrive at Half Way 11:40 a. m. Leave Half Way 12 m. and arrive at Dahlonega at 2:40 p. m.—same day. This will enable us to get a letter or paper to Cleveland and other post offices in that direction much earlier. As it is now any person having any business with the Judge at Cleveland cannot be accommodated in reasonable time by the post office department, necessitating the service of a private messenger, having to perform that which the department ought to do.

We are informed that the grand jury last week received a letter, giving the names of parties using liquor on election day in Dahlonega but that it was too late for the body to act. The solicitor also received one which contained the name of a person accused of selling liquor with 27 witnesses marked. Those who do this most certainly have little confidence in officers and jurors who are sworn to keep secrets. No attention should be paid to such documents by either the solicitor or grand jury. It gives some one a chance to get in his or her spite work at a big expense to the county, saying nothing about the idle time all these witnesses would have lost. Let men or women go at such work in the proper way if they want any one prosecuted.

The other morning Dock Ervin, who is keeping a bachelor's hall down at Wimpy's mill found a pair of specks about his premises, which could not be accounted for. He was not old enough to use them and could not see how they came there. He had been on a little "rare" the night previous and thought maybe he had purchased them while his mind was mixed up, or that some mischievous person had played off a trick on him. To keep them it would not do. For he was well aware of the fact that no young fellow would like to call on a young man having a pair of specks about his premises—not even on Leap Years—especially a man like Dock who is not proud enough to dress his eyes up in a pair of glasses for the sake of catching a "bough." Just as Dock was fixing to break them Albert Coffee, col., came hunting them. His wife in placing Dock's clothes in a basket had laid her specks in it, who forgot to take them out when she sent his clothes home.

They commence taking out rock for the Bearden bridge pillars today.

Col. Charlter, who is a candidate for Solicitor General of this Circuit, went down to Atlanta last Sunday to circulate among members of the legislature.

R. C. Meadors, wife and baby left for Swainsboro last Tuesday morning where they will remain with relatives and friends until the first week in December.

We understand that both A. W. and Clyde Meadors expect to move down to middle or lower Georgia in a short time. G. McGuire will then look after the business of Mrs. A. G. Wimpy. A. W. Meadors having been doing this heretofore.

Our county officers are making their bonds but none have completed the duty yet. You see that so many former property holders in this county have disposed of it in order to grow poor and get on the pension roll that officers cannot make their bonds in a day. Of course we don't mean all pensioners have acted this way.

Allison, who figured so conspicuously some months ago while assisting some revenue officers in arresting Ben Swain and two other men at a still, getting so full of the contents of the vessel that he shot at a man a time or two, didn't appear for trial at the recent term of Lumpkin Superior Court. They didn't see proper to wait for him and forfeited his bond.

It is not often that the people of a county elect a man to an important office that can neither read nor write, but it has been done in old Lumpkin, though purely on sympathy for the poor man. Wm. Marr, the newly elected county treasurer, is the one referred to. In signing up his bond the other day he had to make his mark. Bill takes the responsibility and kinsman who have business qualifications will perform the work and everything will move along safely and satisfactorily to all as far as we know. The officer has a cancer on his lip, and peniless but is just as honest and deserving as they make them.

Some of the members of the last grand jury favored leasing out the Paupers Home and farm and a vote was taken on it which was lost by a small majority. Most certainly something ought to be done with it for it has always been a dead expense to the county. It is certainly named properly. The report shows that they have raised this year 30 bushels of corn, 25 pounds of tobacco and 700 bundles of fodder and the expenses since last court—six months—are \$190.30, and the premises contain one inmate. A farm that can't produce enough for one poor old lady to subsist on should be given away if there is no other chance to get rid of it.

We are truly glad that "against the amendment" electing judges and solicitors by the people got defeated in Lumpkin county if it did carry it the state. We noticed quite a change in the actions of Solicitor Howard Thompson since last court. Then, while a candidate, it was such an easy matter for an influential voter to get his case continued, and sometimes he would say things in favor of one who was about to have the sentence of the court passed upon him, which was done in a light manner without any cost being required. This time it was different. Every one was compelled to go into trial unless they had a good legal excuse and all fines and costs required to be paid within five days or the doors of the chain gang stocks were thrown wide open to them. Judges and solicitors, when candidates for re-election under the new law, will lean in the direction of the most votes. They can't help it. We would do so. It's nature. And when they are candidates for re-election they would come nearer doing their duty and it would suit law abiding people best and be to the interest of all tax payers to postpone all fall courts when elections are on hand, until the campaign closed.

Miss Ethel Jones, of Jay, paid Dahlonega a visit yesterday.

Yesterday special customers liquor was delivered in baskets.

Miss May Martin, of Murrayville, visited friends in the city this week.

The defendants that were in jail have paid their fines and the prison is empty one more time.

Mrs. W. P. Price has been confined to her bed about a week caused by getting hurt in some manner.

Lieut. F. S. Price has presented the Sig Ma Nu Society, of which he was a member, a handsome sword.

Some capitalists are expected here this week to see about constructing a railway from Dahlonega to Gainesville.

B. C. Harris, who has been spending a months vacation with his mother in Dahlonega, left for his post of duty in Atlanta Monday last.

W. W. Price, Jr., is making preparations to get in the material to build him a handsome residence on his lot near the M. E. Church.

The contractors for the Bearden's bridge have filed their bond with the ordinary, which is something over \$1,800, for the faithful performance of the work.

Thomas Sheriff, of Dawson county, was wedded to Miss Belle, a daughter of Rev. Joseph Blackburn, of Lumpkin, on Thursday night of last week. We extend to the happy couple our best wishes for their welfare in life.

We understand that Hatfield and Evans are the contractors for the Gainesville and Dahlonega daily mail line, and that in a short time it will be carried the old route. Prices post office will be re-established, and Murrayville office will be supplied by some other carrier.

The NUGGET is the paper you need if you want the news. Its editor does not use as many high faluting words as some newspaper men, nor take in a grammar or dictionary at each meal but turns on the light so that every one can understand what they see in the NUGGET.

O. J. Thies, of Charlotte, N. C., accompanied by O. J. Barrett, of Washington, D. C., were registered at the Hall House first of the week. They came for the purpose of inspecting the Jumbo Mine, a few miles above Dahlonega. They expressed themselves as highly pleased with it and went away intending to return again soon.

The father of Arvola Sulina succeeded in raising enough money by selling his stock and otherwise taking away things which he had needed himself, to keep his son from going to the chain gang. Arvola was fined \$150.00 at the recent term of the Superior Court for stabbing Frank Crissom, or to serve twelve months in the chain gang. All caused by liquor and a candidates at that.

If people who are used to good warm comfortable houses, properly furnished, were to come to this county they would be surprised to see the buildings that are being used for school purposes in some portions of the country. Until recently schools were taught in log houses with some of the cracks in the walls large enough almost to throw a mule cot through with a few backless benches for the children to sit on causing them to bump over and by the time they are grown get as round as a hoop. Now the most of the sections have unceiled plank houses with a few windows but no sash and of a cold day when the shutters are closed it is so dark the pupils have to guess at their lessons. Wy, down at Pigeon Roost school the children had to go nearly a quarter of a mile to a branch and drink like a horse, until one day this week Mannel Howell's children had sweet potatoes for dinner and he sent a water bucket and dipper for fear that they might get choked and die before they reached the branch.

M. Kingsbury, of Auraria, was in Dahlonega awhile last Monday.

Dr. H. C. Whelchel went down to Atlanta last Sunday to see who all were going to be on hand asking for offices, and to see if he couldn't fit in a word or two for some of his friends.

Hon. F. M. Williams left in due time to take his seat in the legislature. We understood that W. J. Burt, one of his opponents, said during the campaign that he would contest it if the Captain was elected, but we have heard nothing of it since.

It is an unusual occurrence now to see a poor white man or a negro smoking a cigar. Before the election those desiring it had one in their mouths nearly all the while and could have smoked two at the same time had they wished. But all these good times are passed and gone—we mean for two years.

W. J. Burt went before the jury and made a strong effort to prosecute Hon. F. M. Williams on charges of collecting and keeping money while ordinary, belonging to the state and county, being tax funds. The jury would not act on the matter but appointed a committee of three to make a thorough investigation and report their discoveries, if any, at the next grand jury.

Mr. Brooks, the populist nominee for Congress against Hon. F. C. Tate, was in Dahlonega a few hours one day last week on a still hunt for votes. He went from here to White county. He knows that the populists can't elect him but is out fishing hoping to be able to catch the republicans. But this he will not do for the populists and republicans will nix no more than far and war, and will get no bites from true republicans.

It is said that more than one Notary Public and Squire in Lumpkin county handled liquor for certain tan candidates during the late campaign, and in some instances post masters would drink and hand it out in order to gain votes for their friends. A right nice set of officers to handle the scales of justice and to distribute the mail. But take it on the other hand. A man that sells his liberty for a drink of liquor should not be allowed to vote. Neither ought the purchaser.

Very often we hear of certain people grumbling about so few voters being in the jury box in this county. There are already more in it than ought to be. Men served on the jury at the last term of Lumpkin Superior Court that didn't know the nature of an oath. If they did they didn't care. While twelve of them were out on a certain case during the week one fellow rose up and said that he would be willing to find the defendant guilty if he knew the Judge would be light on him. Think of this.

For many months the pump on this side of the court house has been out of fix and unfit for use. It has been patched up frequently but it would not last long. The "fire season" is on us and it might be that we will badly need the water from this well one of these days or nights. It should receive immediate attention. If it is too expensive to keep up tear, out the pump and put up an old fashion sweep with a bucket to it. It would not be so stylish but we would have plenty of water.

Again we have been requested to publish an obituary and resolutions for nothing concerning the death of a certain person. We cannot work for nothing especially when it comes to whitewashing the memory of one who left illegitimate children to suffer and who, during life was always making love to men's wives. When we are requested to publish an account of this kind of whitewashing the money must accompany the order. In fact we do not publish an obituary written about even a christian for nothing. Although this could be done without taking up much space, as they are very much like angels visits—few and far between.

The home merchant is the man who gives you credit when you have no cash to buy the necessities of life. The home merchant is the man who helps you to pay the taxes that run your schools and pave your streets. The home merchant is the man to whom you appeal in times of distress for favors. Then why should you ignore him when you desire to make a purchase. He sells as good goods at as low figures as the man who does business in the big city. The hills look green far away.—Ex.
